TO ENLARGE TOY FACTORY DURING SUMMER MONTHS

APPLETON TOY AND FURNITURE COMPANY PLANS EXPANSION TO MEET GROWING DEMAND

IS ONE OF LARGEST IN U. S.

Much New Machinery is to be Installed and Scope Enlarged—Demand for Toy Far Exceeds Capacity of Plants

Few Appleton people realize that in the Appleton Toy and Furniture Company they have one of the biggest concerns of its kind in the United States. In order to adequately provide for the constant increase in business, the company is contemplating improvements for next summer which will nearly double the capacity of the plant. Julius Kahn, general manager of the concern stated yesterday.

A new addition to the present plant will be provided, new machinery of the latest manufacture installed, and other improvements made. Last year the company was limited to fill 35 per cent of its orders because of limited production facilities, but this difficulty will be largely overcome by the addition.

The local concern specializes in a high grade class of toys, and sells direct to the large department stores and big jobbers in the east.

The shoofly, or children's hobby, horses, is one of the principal articles manufactured by the local concern. Small rocking chairs, and sleds for children, are also manufactured. The patent for a new shoofly has been secured by the company, and the article will soon be manufactured.

"The toy business is booming," said Mr. Kahn, "in Appleton and all over the country. We could have enough orders right now to last us for two years. There is a regular scramble to place orders, and this condition will exist for several years."

"Toy manufacturers have always been busy. Even during the war there were too many orders. The only effect the war had was to raise the prices."

"During the holiday season the toy is always the biggest seller, and will sell in preference to many articles. The toys manufactured by this company are useful as well as a source of pleasure to the children."

"Prices are continually going up," Mr. Kahn stated in answer to the question, "We have already raised our prices twice this year. With the war over, wages and the price of lumber went up, necessitating an increase. But people are paying the prices to get the goods."

Even in normal times the great demand for toys exists, Mr. Kahn said. The toy is a staple article, and there is always a demand for articles on the market.

"German toys are bound to come in," he expressed the opinion. "One reason is that American manufacturers are unable to take care of all orders. I know of one concern in this country which has sent over a representative to Germany to buy up all the goods possible."

"Our articles are not like the German toy," Mr. Kahn said. "We manufacture only with wood, the German toys are usually of a mechanical nature."

INTERCEPT CALL FOR RED REVOLT IN U. S.

DOCUMENTS TAKEN FROM RUSSIAN COURIER ARE READ TO THE SENATE PROBE COMMITTEE

Washington, D. C.—Instructions for organizing a bolshevik revolution in the United States and diamonds valued at three million rubles were found on a captured soviet courier bound from Moscow to New York, according to state department documents read today to the senate committee investigating Russian propaganda.

The courier, Anton Kotteroff, was captured at December 18 last, carrying the jewels, a mass of propaganda, instructions and private messages to Russians in this country, according to the documents.

Ludwig Martens, soviet agent here, who was before the committee, denied knowing Kotteroff.

The courier's papers, buried in the false bottom of his valise, include a message to American revolutionaries, according to a report from the American commissioner at Riga from which Ellis, counsel for the senate committee, read.

"Down with the senate and congress," the message read. It urged demobilized soldiers to arm and prepare for a fight with the white guards of capitalism. Workmen's soviets must be organized, the instructions continued, but warned against these developing into mere cultural societies.

FORMER SOLDIER WINS SEATTLE MAYOR ELECTION

Seattle—Hugh M. Caldwell was elected mayor of Seattle by a majority of 16,001 over James A. Duncan in the most bitterly contested election in this city's history according to complete returns today.

Caldwell, who served as a major

MAY GET CHANCE TO VOTE ON KICK IN WHAT WE DRINK

LIQUOR INTERESTS TRYING HARD TO INJECT WET BATTLE INTO NATIONAL CAMPAIGN

PRESSURE IS INCREASING

Politicians Who Scooped at Early Efforts of Wets Are Now Beginning to See Danger in Their Strenuous Drive

(By L. C. Martin)

Washington.—Efforts of the "wets" to inject prohibition into the national campaign are crystallizing in such definite form that politicians here today said they believed it very likely the liquor fight would be carried to the polls in November.

Clarification of the issue itself has been marked in the last few days. The fight to be made before at least one of the conventions will in no sense be directed against constitutional prohibition as such, it was stated here today by "wets." It will be a fight upon the issue of beer and light wines—principally beer—as against complete "dryness." It will not be an effort to restore the saloon. It will be directed towards making it possible for those who want beer and wines to have them, under certain restrictions as to sale etc.

When the first "wet" voices were raised, politicians in both parties here scoffed at the idea of making prohibition an issue. They said ratification of the eighteenth amendment killed liquor for a long time to come. But they have begun to change their ideas, because of recent events. A summary of "wet" activities shows the extent and vigor of the campaign. These activities include:

1.—Pouring of petitions by the hundreds on members of both houses for modification of the dry laws.

2.—The activities of Governor Edwards of New Jersey, including his "noncommittal" that he is going to the democratic convention to fight for a wet plank.

3.—Formation in Chicago of an organization to spread propaganda in favor of election of members to congress on a beer and light wine platform.

4.—Intimation that William G. McAdoo may seek the democratic nomination for president as a "four per cent beer candidate" and that former Internal Revenue Commissioner Roper will manage his campaign.

William J. Bryan expects the issue to be made. He is of course prepared to fight the Edwards forces and other wets at the San Francisco convention to the bitter end.

The republican convention is also to be urged to insert a beer plank.

PLANT STORE CUTS DOWN LIVING COSTS

DEALERS LOP OFF MARGINS WHEN BIG COMPANY SELLS FOOD TO EMPLOYEES AT COST

Lawrence, Mass.—The retail price of food and some other articles dropped rapidly here following inauguration of the American Woolen Company's system of selling the staples of life to its 15,000 employees at cost. It is shown by comparison of prices in December and today.

Although merchants here do not admit they have lowered their prices because of the textile company system, prices remain at high levels in nearby cities.

The company's system has been in effect six weeks and the demand for commodities on sale exceeds the supply. Canned food is sold by the company at 10 and 11 cents a can. The retail price here was between 25 and 28 cents in December and is now from 20 to 25 cents. The prevailing retail price for sugar is 18 cents while the company sells limited amounts to its workers for nine cents a pound. Potatoes are sold at 35 cents a peck. The retail price here is from 60 to 75 cents. In nearby cities a peck of potatoes costs from 75 cents to \$1.10. Although the company has not begun selling meat, the retail prices of various meats have dropped.

SNOWSTORM AND COLD WAVE COMING THIS WAY

Milwaukee.—Milwaukee and other parts of Wisconsin may be snowed within 24 hours. A snowstorm today was the forerunner of another cold wave and storm sweeping down on the city from Kansas, the weather bureau here announced. Several inches of snow and a 35 mile gale are to be followed by a marked drop in the temperature.

during the war, polled 50,850 votes and Duncan, labor temple president and leader in the general strike here a year ago received 34,849.

Approximately 85,000 of the 100,000 possible voters in the city cast ballots.

All of Caldwell's ticket was victorious with the exception of one councilmanic candidate.

After the close of the Civil War it was difficult and often impossible to obtain coffee.

Near To Fight In Hearing On Soldier Bonus

Rivalry Between American Legion and Veterans of Foreign Wars Starts Ruction in Hearing Before Congressional Committee

By United Press Leased Wire

Washington, D. C.—Hearings of soldier aid legislation before the house ways and means committee came near breaking up in a tight today. Criticism of the American Legion by Edward H. Hale, legislative representative of the Veterans of Foreign Wars, caused a storm of debate in the committee.

Hale claimed that statements of Franklin D. Olier, national commander of the American Legion before the committee yesterday were entirely erroneous.

Rep. Treadway, Massachusetts, immediately challenged Hale's statement saying he did not believe Hale was not justified in criticizing a rival organization.

Rep. Garner, Texas, then sided with Hale and in a short time every member of the committee was trying to talk. Several members started to leave the room and for a while it appeared the hearing would be suddenly ended. Chairman Fordney declared the proceedings might as well end in order that he would be maintained.

Rep. Hull, Tennessee, declared that granting a bonus would impose severe burdens on the taxpayers and would increase the cost of living. Hale claimed that many service men were out of work but Rep. Green, Iowa, declared that this was not true in the farming districts of the middle west.

The revenues necessary for the bonus should be raised by increased income taxes, Hale said.

A special tax of one kind or another might be declared unconstitutional and thus defeat our purpose," he said.

Rep. Henry T. Rainey, Illinois, declared that the government must raise \$800,000,000 additional in taxes above the present high revenues to meet present expenditures, without granting a cent to the service men. "With a bonus we would have to establish the most oppressive system of taxation in the world," he said.

DANIELS EVENS UP BY STARTING PROBE

SECRETARY OF NAVY WANTS SIME'S REMOVAL OF ADMIRAL FLETCHER INVESTIGATED

Washington.—A double barreled investigation of the navy's work during the war will start in Washington next week.

While the senate naval affairs committee is probing Admiral Sims' charges that the navy department's alleged inefficiency prolonged the conflict, a court of inquiry sitting at the request of Secretary Daniels will be looking into the complaint that Sims removed Rear Admiral Fletcher from command at Brest in 1917 without just cause.

Supporters of Sims in his famous controversy with Daniels professed to see in the calling court a counter attack by the secretary against Sims. They hinted that Daniels instead of waiting for the senate to probe Sims' charges against him, launched an investigation of his own into the conduct of Sims.

The naval court of inquiry is to be composed of Rear Admirals Rogers, Oliver, Hoogerwerf and Captain K. M. Bennett. Admiral Fletcher, who is now commander of the 14th naval district, Hawaii, asked for the investigation. He arrived here recently to press the charge that Sims removed him unjustly.

Sims asserted that Fletcher was "so unsatisfactory in judgment and initiative" that he was not fit to be in command at Brest. Fletcher wants Sims to prove it. This is not the Admiral Fletcher who fought at Vera Cruz.

MARY PICKFORD GETS DIVORCE FROM HUBBY

Carson City, Nev.—Mary Pickford Moore was divorced from Owen Moore in Douglas County, Nev., on Monday. It was learned here today.

Mary has been living on a ranch near Genoa since early in February. Very few knew that she was in Nevada.

Moore was represented by counsel but did not contest the divorce. Mary was dressed very shabbily in court and wept while on the witness stand, according to word from Genoa, the county seat of Douglas.

The actress is still at the ranch at Genoa.

The divorce was granted by Judge Langan. The Genoa advises said.

EXHUME BODY FOR USE IN MARKESAN CASE TRIAL

Markesan, Wis.—Snow and ice and frozen ground was being removed today from the grave of Alfred Duffies in the exhuming of the body after three years burial. Investigation is to be made of the cause of death and a decision might be taken tomorrow when Dr. A. J. Freudenberg is to be given a preliminary hearing on a charge of murdering Mrs. Duffies, his mother-in-law. The latest information is that Mrs. Grave Brill, Washington, Pa., who attended Mrs. Duffies at her last illness, will be unable to attend the hearing tomorrow as she recently became mother. It is expected that another postponement will be taken until later in March.

Chicago is the second largest city in the United States in negro population, New York being the first.

MILDER ATTITUDE TOWARD GERMANY WINS IN COUNCIL

PREMIER LLOYD GEORGE WINS CONFERENCE TOWARD HIS VIEWPOINT REGARDING TEUTONS

CUT TURKEY'S POPULATION

Four-Fifths of Turkish Population Will Be Cut From Ottoman Empire—Adriatic Situation Reaches Deadlock Stage

By United Press Leased Wire

London.—Prime Minister Lloyd George's plan for a more liberal attitude toward Germany, both in enforcement of the treaty of Versailles and in the commercial and economic rehabilitation of the German nation has begun to bear fruit, it was learned today.

The council of premiers, it was understood, had prepared a statement, based upon the deliberations of its economic section, in which it emphasizes that Germany must be restored to economic prosperity. The statement, it was understood, was decided upon after considerable argument by the British conferees.

A softer tone toward the Russian soviet government, permitting more direct negotiations in the Allied plan to resume trade with Russia also was forecast. The council's deliberations, it was said, tend constantly toward eventual recognition of the soviet government.

Premier Millerand, according to this information, has been weaned away from the harsh policy of his predecessor, Georges Clemenceau, toward both Germany and Russia.

Turkey's position, one of most of her pre-war power and her population cut four-fifths under the terms of the treaty of peace between the Allied powers and the Turkish government now under discussion in the conferences of the council of premiers.

The council has decided to abolish the Turkish navy, leaving the Turks only a few small ships for police purposes. It was announced and official. The council today probably will take up discussion of the army terms of the treaty. While the exact terms of the partition of Turkish territory have not been decided upon finally, it was understood that the population of the Turkish empire will be reduced from approximately 30,000,000 to 6,000,000 through the removal of areas now a part of the empire.

The council yesterday discussed financial clauses of the treaty. First consideration in the awarding of indemnities will be given to Greece, it was said, and second consideration to expenses of the army of occupation.

The Adriatic situation, it was indicated, virtually has reached a deadlock. Anton Trumbitch, the Jugoslav representative, declared in an interview that Jugoslavia is prepared to hold out against any settlement except that advanced by President Wilson as long as he has the backing of the United States.

Jugoslavia, Trumbitch said, will withstand to the utmost the demand of the Allied premiers for an immediate settlement of the dispute. Trumbitch gave unqualified praise to President Wilson.

The Belgrade government, Trumbitch said, will insist upon a settlement with these provisions:

No domination for Italy in the eastern Adriatic.

An independent state of Fiume.

Control of the port of Fiume to be under the league of nations with provisions for the safeguarding of Jugoslavia's commercial interests.

DRY LAW ARGUMENT COMING NEXT WEEK

SUPREME COURT GIVES RIGHT OF WAY TO PROHIBITION CASES IN ORDER TO END SQUABBLE

By United Press Leased Wire

Washington.—Whether constitutional prohibition is valid will be fought out in the supreme court early next week. Assistant Attorney General Frierson said today.

The prohibition cases have been given the right of way by the supreme court in order that the exact status of the eighteenth amendment and the Volstead law enforcing it may be determined at the earliest possible date. Arguments next week will be in the suit brought originally in the supreme court by Rhode Island which insists its sovereignty has been invaded by the amendment. Appeals from decisions of Massachusetts and Kentucky federal courts, which held constitutional prohibition valid will be heard also. Lined up against Rhode Island are 21 dry states, represented by Charles E. Hughes.

The legal battle will come on the motion of the federal government to dismiss the Rhode Island proceedings.

No decision is expected before early in April.

ANOTHER NAVAL SUPPLY BASE IN EAST IS URGED

Washington.—Recommendations that the large supply base of the navy be established in the vicinity of New York, New York, and Hampton Roads were made to the house naval affairs committee today by Rear Admirals McGowan and Peoples of the bureau of the supplies and accounts.

Expect Great Results From House Meeting

Meeting at Y. M. C. A. Tomorrow Evening Attracts Much Favorable Attention—Need of More Houses is Growing Daily

By United Press Leased Wire

Brookline, Mass.—For the first time in thirty-four years Brookline voted for liquor licenses in the annual election yesterday, according to complete returns today which showed that the liquor supporters carried the town by a majority of 356 in a total vote of 2,542.

Brookline makes 34 Massachusetts towns out of 64 which voted "wet" in the elections this week.

Arrangements are complete for the banquet tomorrow evening at the Y. M. C. A. at which the real estate board members will get together with the business men of the city to take action on the housing problem. Reservations were coming in liberally this morning, indicating a widespread interest in the matter.

Discussion will occupy the greater portion of the evening. The needs of the city will be presented by several members of the Real Estate board, and feasible plans laid before the meeting. Earl Miller, who is up to the minute on the building question, will also make a short address and offer suggestions. It is the hope of the committee to have one or two others present who have dealt with the housing problem in other cities.

The housing question is creating widespread comment through its presentation to the public, and while objections are voiced to the high cost of building at the present time, the popular sentiment is that the situation is really alarming, and Appleton must solve the problem even if it does entail an extra expense at this time. The benefits to be derived by the city as a whole are held to be worth any investment that is made at this time to keep desirable residents from locating elsewhere, and attracting those who want to live here. The longer the present shortage exists the higher rents will go, because there seems to be more evidence every day of putting price second and the desire to obtain a place of residence first, resulting in reckless bidding for occupancy. Property values are climbing at such an alarming rate that unless it is stopped by increasing the supply of homes, the inflation will be dangerous when conditions tumble back to normal, it was said.

It is the opinion of one business man who understands the conditions well that the city could build 200 houses, and produce no material effect on either values or rental, a counter argument to that held by some that the moment the supply of homes is increased, property values will depreciate.

The idea of getting together to solve the question, however, is lauded on every side, and the public looks to the meeting tomorrow evening to offer a plausible solution.

RAILROADS START REBUILDING LINES

TRANSPORTATION LINES "SHOT TO PIECES" UNDER U. S. CONTROL. EQUIPMENT MAN EVERS

By United Press Leased Wire

Chicago.—Reconstruction of railroads under private operation has been started according to statements made here today by companies engaged in supplying railroads with equipment.

All "iron" supply houses were reported from thirty to sixty days behind on orders. Although no great flood of orders was reported since the government released control of the lines on Monday, there was a rapid increase in demand for supplies during the last few weeks of federal operation. In anticipation of return of the roads to private control.

Difficulty in procuring sufficient workmen and trouble in securing an adequate supply of raw materials is holding up manufacture of equipment, it was stated.

Equipment of most railroads was "shot to pieces" during government control, stated L. V. Egbert of the Adams and Westlake Company, large dealers in railroad supplies and equipment.

"During government control, supplies were taken or 'borrowed' from lines which had full storehouses and were not returned or replaced," Egbert said.

As soon as it was determined that the lines should again be operated by private interests, steps were taken to rebuild the property.

"The reconstruction work will be gradual but the start has already been made. It may be a year or more before the roads are back on the same plane as before the war."

WANTS 6 PER CENT KICK AS NEW YORK MAXIMUM

Albany, N. Y.—Assemblyman Cuvillier seeks to have six per cent established as the boundary between intoxicating and non-intoxicating beverages in New York.

He introduced a bill permitting sale of beer and wines containing that amount of alcohol or less. Sales would be permitted in any establishment approved by the excise department for a license fee of \$200.

Cuvillier also introduced the resolution, adopted by the assembly, 60 to 33 last night, directing the judiciary committee to investigate the activities of the anti-saloon league of New York. The resolution would have the committee determine whether the league is a political organization and probe its expenditure.

Albert Oskey, who has been employed for some time at the Simon Giesse factory at Kaukauna, has purchased a large factory about five miles from Brillion, which he will operate from now on. He took possession March 1.

\$150,000 INDUSTRY WANTS TO LOCATE ITS PLANT IN APPLETON

BAY STATE CITY IS WET FIRST TIME IN 34 YEARS

By United Press Leased Wire

Brookline, Mass.—For the first time in thirty-four years Brookline voted for liquor licenses in the annual election yesterday, according to complete returns today which showed that the liquor supporters carried the town by a majority of 356 in a total vote of 2,542.

Brookline makes 34 Massachusetts towns out of 64 which voted "wet" in the elections this week.

BONUS OF \$30 PER MONTH IS SOUGHT BY VETERANS OF WAR

FORMER SOLDIERS ASSERT THAT FIGURE REPRESENTS MONEY SOLDIERS COULD HAVE SAVED

By United Press Leased Wire

Washington.—A bonus of \$30 for each month's service with \$100 additional for overseas service is the minimum that the government should give to the service men, representatives of the veterans of foreign wars declared in appearing before the house ways and means committee.

Edward H. Hale, chairman of the organization's executive committee asserted that this amount would not entail any expenditures beyond the resources of the government. He also asked that in addition to the bonus, all service men be allowed government loans for the purchases of homes or farm lands.

"In fixing the bonus figure," Hale said, "the veterans of foreign wars attempted to establish a figure which will equitably represent the monthly savings which each service man should have been able to collect if they had been permitted to remain in civil life and followed their usual vocation."

"Thousands of ex-service men have suffered heavily by lack of appropriate clothing during the past winter, occasioned by their straightened financial circumstances and their inability to obtain proper employment. They were given \$60 but how far did that amount go toward reclothing a man during the existing debauch of profiteering."

With slight modifications, the Morgan bill is acceptable to us after a bonus program has been enacted. It should be framed to permit the purchase of a home or a farm in excess of \$4,000 and provide that the government will loan up to \$4,000 on first mortgage, after proper appraisal, the balance to be evidenced by second mortgage to the seller of the property."

The head of the concern, Alfred A. Archibald, has been a resident of Appleton for six years or more, operating his business largely from this city. Offices are maintained in the former home of the Katsanos building on College avenue. The concern has been actively engaged in the manufacture of the bottles for several years but the work had been sublet to a plant in Quincy, Ill. With the rapid growth the business has enjoyed, it is the desire of Mr. Archibald to establish a factory of his own, and wants it in Appleton because he wishes to continue to reside here. The company now has an order to locate here, and the purchase of \$50,000 worth of stock, which is practically assured by men who are interested in seeing the city grow.

Mr. Archibald prides himself on offering this city an industry that is out of the experimental stage, and has been for several years. The company has a permanent organization, including sales force on the road, and in coming here will literally do nothing more than change locations, expand and bring the manufacture of its products under the control of the owners. It is expected that the sale of stock will be launched about the middle of April.

DISMISS 15 MORE IN NEWBERRY CASE

COURT RULES THAT GOVERNMENT CANNOT PROVE CHARGES AGAINST MANY DEFENDANTS

By United Press Leased Wire

Grand Rapids, Mich.—Fifteen additional minor defendants in the Michigan election fraud trial, were dismissed today by Judge Clarence W. Sessions. The court held the government had failed to substantiate charges against the fifteen men.

Charges against twenty three others were dismissed yesterday on motion of the government attorneys.

Eighty five defendants still remain to stand trial.

Those dismissed today by Judge Sessions were:

Christian Brock, Muskegon; Albert F. Crawford, Evart; Fred J. Derrick, Saginaw; John W. Dunn, Arenac; Benjamin Gero, Alpena; Isaac Alexander, C. Gable, Menominee; John Jones, Ontonagon; Daniel C. Laughlin, Jackson; William E. Lewis, Bay City; Samuel O'Dell, Shelby; John C. Rittenhouse, Cheboygan; James Swain, Jackson; Lewis J. Thompson, Allegan; Arthur A. Wentz, Oshtemo; Paul Woodworth, Bad Axe.

ARREST DRY LAW ENFORCER FOR GIVING AWAY WHISKEY

Grand Rapids, Mich.—Iron County's "rum rebellion" sizzled again today with the arrest here of George F. R. Cummerow, chief of the Grand Rapids office to the department of justice.

Cummerow will be given a hearing today on charges of violating the liquor law. He declared the charges against him were "framed."

Edward A. Nowack, special agent of the state food and drug department arrested Cummerow when the latter returned from Iron County. Cummerow had made an investigation of Iron County's recent "rebellion" for Myron H. Walker, United States attorney here. Nowack charged Cummerow invited him to his room and gave him whiskey.

Nowack is a defendant in the Michigan election fraud trials.

WILSON ENJOYS FIRST AUTO RIDE SINCE FALL

Washington.—President Wilson today took his first automobile ride since he became ill early in October. The president, with Mrs. Wilson and Dr. Cary T. Grayson, left the white house about 11 o'clock in a closed car. Another car containing secret service men followed.

The president has been urging Dr. Grayson to allow him to ride since Christmas. Grayson was unwilling to do this until the president's physical and nervous condition warranted.

The morning was the warmest of the winter here and the weather unusually clear.

THE LATEST IN SPORTS

KAUKAUNA BOWLERS WIN \$426 IN PRIZES

STATE TEN PIN TOURNAMENT WAS PROFITABLE TO KAUKAUNA MEN—MINNEAPOLIS LEADS

Kaukauna bowlers dragged down \$426 in prize money at the state tournament at Manitowoc of which \$350 was awarded to the Gantter-Bedat team for first place in the five man event. The Hilgenbergs, the only other squad representing Kaukauna, took 102nd place and \$14 in prize money.

J. Minkbeige took cash prizes in every event. He was a member of the Gantter-Bedats, receiving \$70 as his share. Minkbeige won \$11 for 32nd place in the singles, \$2.50 for his share in the doubles, and \$10 for fifth place in the all-events.

Kaukauna prize-winners in the singles were P. Smith, 64th place, \$13; C. Hilgenberg, 108th place, \$9; A. Peterson, 243rd place, \$5; Joseph Artz, 247th place, \$5. J. Artz and Nagan won \$4 for 227th place in the doubles.

VALLEY TEN PIN MEET TO BE HELD IN APPLETON

The annual Fox River Valley bowling tournament will be held at Olympic alleys from March 25 to April 22. Teams will be entered from Fond du Lac, Green Bay, Oshkosh, and other cities in the valley.

Besides the five man, single and doubles events, a three men event has been arranged. The three men and doubles events will be whirligig, each bowler entering with a different partner as often as he desires.

All entry money will be given in prizes to the winners. The tourney will be rolled over five alleys.

IMPERIALS LEADING IN "Y" BOWLING LEAGUE

With 11 victories out of 16 contests for a percentage of 667, the Imperials are leading all teams in the Y. M. C. A. bowling league, according to official standings announced today. The Typos are a close second with 12 victories and 6 defeats. The standings:

	W.	L.	Pct.
Imperials	11	5	.688
Typos	12	6	.667
Sharks	8	8	.500
Snoozers	8	10	.444
Benedicts	7	11	.388
Ideals	6	12	.333

HIGH CAGERS START TOURNEY TOMORROW

NO ANNOUNCEMENT HAS BEEN MADE OF APPLETON'S OPPONENT—BIG CROWD GOING ALONG

Coach Vincent's high school basketball squad will leave at 10:30 o'clock tomorrow morning to participate in the annual sectional tournament at Oshkosh.

Matches for the opening day's play have been arranged, but no announcement had been made up to this morning by the Oshkosh authorities.

Coach Vincent said that the normal school was arranging the teams in order of strength, according to records submitted. Appleton ranks among the first four, he stated. Fond du Lac heads the list with Oshkosh second. Team 1 will play team 5, team 2 lines up against team 6, and so on, in Thursday's games.

Appleton will play her first game Thursday evening, it is almost a certainty, Coach Vincent said.

Lack of support will not lose the tourney for Appleton. The students are all "hot up" over the approaching contests, and will be there to root for Coach Vincent's five in large numbers.

PICK EIGHT TEAMS FOR SUPERIOR CAGE TOURNAY

Superior, Wis.—Coach O. L. Loop, Superior State Normal, in charge of arrangements, on Tuesday announced names of eight teams selected to participate in the district high school basketball tournament at the Y. M. C. A. gymnasium on Friday and Saturday. The teams include Superior Central, Spooner, Clear Lake, Shell Lake, Park Falls, Cumberland Ashland and Mellen.

The Nelson Dewey team of Superior has been barred by the W. L. A. A. board of control on technical grounds. They did not certify to eligibility of their men within the time limit set by the board. The board has further ruled that only eight teams may enter the tournament. The teams selected have met necessary requirements in regard to entry.

AMERICA MAY NOT SEND TENNIS TEAMS ABROAD

By United Press Leased Wire
New York—Refusal of the Belgian Olympic committee to move up the tennis dates from August 15 may prevent America's participation not only

in the Olympic games but in the British national championship at Wimbledon.

Following a cable from the Belgians that the tennis dates could not be changed because the courts would not be ready in July, the United States lawn tennis association doubted the possibility of sending a team to Wimbledon for the British matches alone.

No plans can be made until the drawings have been made for the Davis cup preliminaries.

PICK MEN TO PLAY IN OSHKOSH TOURNAY

Coach Vincent this afternoon announced that the following players would be taken to Oshkosh for the sectional tourney which opens tomorrow: Captain Jacobson, Briese Bloomer, forwards: Dunn, center: Wood, Voigt, Showalter and Kubitz, guards: Johnson is out on, standings. The high mentor will start the lineup as used with great success all season—Jacobson and Briese at forwards, Dunn at the pivot position, and Showalter and Kubitz on the defense.

COLLEGE GIRLS' CAGE TEAMS PLAY TONIGHT

The second game of the Lawrence girls' interclass basketball tournament will be held tonight in Alexander gymnasium. The sophomore and senior teams will meet at that time. The senior class has not played as yet so its strength is not known, but the sophomore team was defeated by the freshman team in the first game of the tournament.

STRANGLER LEWIS WINS RIGHT TO MEET STECHER

By United Press Leased Wire
New York—Ed. "Strangler" Lewis the Kentucky wrestler won for himself last night the right to meet Joe Stecher for the world's championship when he threw Jim Londos the Greek after a tussle of two hours, four minutes and 43 seconds.

Earl Caddock threw the Frenchman, Salvatore Chevalier.

O'DOWD STOPS M'CARRON IN SECOND ROUND OF BOUT

By United Press Leased Wire
Philadelphia, Pa.—Mike O'Dowd, world's middleweight champ, knocked out Jack McCarron, Allentown, Pa., in the second round of a scheduled six round bout here last night. McCarron was floored four times in the first round by hard right hooks to his jaw. After he had gone down again in the second round his seconds threw in the sponge. McCarron gamely tried to kick it out of the ring but fell exhausted and took the count.

FRAZEE DENIES BOSTON SOX ARE TO BE SOLD

By United Press Leased Wire
Boston—Old Dame Rumor was working overtime today spreading a report that the Boston Red Sox are to be sold. Harry Frazee, owner of the Red Sox, however, declared the club is not for sale.

Although Frazee denied that a deal is in the air it is understood that he will have a conference today with Daniel E. and John P. Holland, who in the past have displayed significant interest in the Red Sox.

BOY SCOUT TEAM WINS FROM SPEEDY SPECIALS

The second team of Boy Scout Troop No. 1 defeated the Speedy Specials by a score of 9 to 3 in a lively basketball game played last evening at the high school gymnasium. The next game of the scout team will be played at De Pere March 12 with St. Norberts.

STREET DEPARTMENT IS PREPARING FOR THAWING

The street department is opening the gutters on all the principal streets in anticipation of a flood when the snow begins to disappear. It is the intention not to disturb the catch basins which are now well protected by snow until the danger of freezing is over.

SELECT TEAMS FOR COLLEGE DEBATES

FRESHMEN AND SOPHOMORE CLASSES OF LAWRENCE WILL STAGE DEBATE IN NEAR FUTURE

Try-outs for the freshman and sophomore debate teams will be held on March 10, according to an announcement made this morning by Prof. W. S. Orr. The freshmen challenged the sophos to a debate some time ago and as a result teams are now being arranged for in the two classes.

Old time class rivalry between the frosh and sophs is evident once more and posters with flaring words of defiance to one another are decorating the halls and dormitories again. There is plenty of good material in the freshman class for a debate team and it is thought that the try-outs for that class will be close. The sophomore class also has some good material but there are not as many candidates for the team and it is possible that a team will be formed without the necessity of a try-out.

The debate will be held in April. The question for debate will be decided by the two classes.

ANOTHER YEATS PLAY PRESENTED AT COLLEGE

The Land of Heart's Desire, Title of Interesting Production Presented by College People

Yeats' play "The Land of Heart's Desire," was presented to a large audience of students and townspeople at the chapel period this morning. Mrs. Ludolph Arens of the Conservatory faculty interpreted the play and gripped her audience with the beauty of the lines and her skill in presentation.

This was the first play by Yeats to be put on the stage, being presented at the Avenue Theatre in London in 1894; and it was also the first play of Mr. Yeats to be put on in America in 1901 with Miss Mabel Taliaferro in the fairy role.

The seat sale and reservation for the Yeats lecture next Friday evening opened this morning at Bellings drug store.

CHIMNEY FIRE GIVES THE FIREMEN LOT OF TROUBLE

A stubborn fire at the second hand store of William Diedrich, 1075 College avenue, kept the fire department busy for about an hour late yesterday afternoon. It started between the partitions of a wall adjoining a chimney at the rear of the store building. The chimney had been cleaned earlier in the afternoon, and it is thought that it had become overheated in some way, igniting the walls. The use of axes seemed to have more effect than the use of water and chemicals for in order to get at the blaze and make sure of its extinction, the department had to chop away the wall on both sides of the chimney up through the ceiling. Aside from replacing the wall, the damage is slight.

HEALTH MOVIE WILL BE SHOWN IN THE COUNTY

Through the courtesy of the state board of health, A. G. Meating, county superintendent of schools, expects to exhibit during the week of March 22 the film "The End of the Road," prepared by the War Department. The film was shown at the Appleton theatre several months ago and was one of the best seen in this city for some time. It is planned to exhibit it at Seymour, Black Creek, Shiocton, Bear Creek, Hortonville, Kimberly and Kaukauna. The teachers' institute for county teachers which was to have been held at the training school at Kaukauna February 27 and 28, but was postponed on account of flu, will take place on March 22 and 23.

WETTENGEL TO ATTEND MEETING IN MILWAUKEE

Fred Felix Wettengel will leave tomorrow morning for Milwaukee to attend the meeting of Wisconsin supporters of Maj. Gen. Leonard Wood in his candidacy for president. The meeting will take place in the headquarters at the Wisconsin hotel and it is expected that a Wood club will be organized as a result. James Wing of Kewaunee will probably accompany Mr. Wettengel.

With Marquette

Duford, former Bushey Business college basketball star, is now playing with the Marquette university at Milwaukee. He will hold down a forward position in the game with Ripon Friday night.

More than \$100,000,000 is invested in the soda water business in the United States.

ROBUST CHILDREN

A child should not look pale, thin or worn. Such condition denotes malnutrition. To keep up growth and robustness a child needs a plenitude of food rich in vitamins.

SCOTT'S EMULSION

abundant in growth-promoting properties, is an ideal supplemental food that could well be a part of the diet of every growing child.

Children always do well on Scott's Emulsion.

STATE SUPERVISORS MEET IN FOND DU LAC

ANNUAL MEETING OF COUNTY BOARDS OF WISCONSIN WILL OPEN TOMORROW MORNING

Fond du Lac.—The annual meeting of the Wisconsin county board's associations will be held here Thursday and Friday in the courthouse. The meeting was originally scheduled for Jan. 12 and 13, but the influenza outbreak caused a postponement. The program:

THURSDAY, MAR. 4, AT 9:30 A. M.
Address of Welcome—J. W. Rosenbaum, chairman, Fond du Lac county board of supervisors, Fond du Lac, Wis.
Response for the Association—G. W. Dobbins, president, Wisconsin County Boards' association, Fremont, Wis.
Appointment of committees.
Address—County Agriculture Agent, H. R. Runke, Fond du Lac, Wis.
Informal discussion.
Address—Tubercular Sanatorium, Dr. C. Windesheim, Kewasha, Wis.
Address—County Visiting Nurse, Dr. C. A. Harper, president, Wisconsin board of health, Madison, Wis.

COLLARS

Most fellows want Soft Collars. We have only the good Soft Collars, made for us by the Manhattan Shirt Co. We are now showing a wide range of cloths and styles. They are "known as the best" and "the best known."

Priced at 50c

Others at 35c and 65c

Friday, MAR. 5, AT 9 A. M.
Address—Highways, J. T. Donaghey, state highway department.
Address—Rural Planning, C. P. Norwood, agriculture commissioner.
Informal discussion.
Address—Dog and Sheep Law and Other Co-Operative Work Between the County Boards and the State Department of Agriculture, C. P. Norwood.
Election of officers.
Secretary Norton Williams will not be able to attend the session due to illness. He has extended an invitation to hold the 1921 meeting in Madison.

OSHKOSH FOUR WHEEL DRIVE CO. PROSPERS

There was a large attendance of people from Appleton and vicinity at the annual stockholders' meeting of the Oshkosh Four Wheel Drive Truck company yesterday. The company is enjoying unlimited cooperation from the Oshkosh Association of Commerce and plans are now being made for the erection of a substantial factory and office building. Its growth has been rapid since its organization, and more orders are booked than the company can possibly fill with its present facilities.

So easily does human nature slip back into its accustomed groove that the Romans, once home, await their perfunctory baths as if they'd never bathed in jungle streams—eat their expensive meals as calmly as if they'd never begged for soup—give orders to their Butler as coolly as if in a forgotten Yesterday they had not called him "King," "Male and Female," "MAJESTIC," Monday, March 8.

WAGE INCREASES IN VALLEY PAPER MILLS

ALL MILLS IN THE VALLEY RAISE WAGES OF EMPLOYEES EFFECTIVE MARCH 1

Employees of all the mills of the Fox river valley have been granted wage increases, effective March 1, it was announced this morning. The increase was entirely voluntary on the part of the employers.

Among the leaders in the movement was the Kimberly-Clark company which recently established the mill council plan in its mills. At a meeting of the general council yesterday, attended by representatives of the company's seven mills, it was decided to advance the wages of all

OPEN DRIVE AGAINST DRY LAW ADVOCATES

APPLETON PEOPLE WILL BE GIVEN OPPORTUNITY OF REGISTERING STAND ON DRY LAW

Pledges are being prepared and will be placed in business places throughout the city giving residents of Appleton and vicinity an opportunity to pledge themselves that they will vote for no man for public office who will not unconditionally declare himself in favor of five per cent beer and twenty per cent wine, or, in other words, the amendment to the Volstead law.

It is believed by men circulating the pledges that a large majority of Appleton people, in common with others in all parts of the country, are

Valley Doctors TO MEET IN GREEN BAY

APPLETON PHYSICIANS AND SURGEONS WILL GO TO GREEN BAY MEETING TOMORROW

A majority of Appleton physicians and surgeons will go to Green Bay tomorrow to attend the annual meeting of the Fox River Valley Medical Society. The sessions will be held in the Green Bay Elk club house. The meeting will close with a banquet in the evening at the Beaumont hotel.

The organization is one of the oldest medical societies in the state of Wisconsin and its membership includes practically all the physicians in the Fox River valley, to as far north as Stephenson, Mich.

ASKS COUNTY LAWYER TO ENFORCE DRY LAW

FRED V. HEINEMANN ASSURED OF ASSISTANCE IN ENFORCEMENT OF THE VOLSTEAD ACT

Fred V. Heinemann, district attorney, is in receipt of a letter from T. T. Hazenberg of Madison, prohibition commissioner, in which he stated that his department is now organized for the work provided for it under chapter 556, laws of 1919. Fred R. Bloodgood, Fred J. Payson and B. C. Parkinson have been appointed deputy commissioners and these men with himself are prepared to investigate personally matters pertaining to the department.

"I wish to take this opportunity to assure you," says the commissioner, "that this department will be very glad to assist you in any way it can in the performance of your duties, and I trust you will feel free to advise with the commissioner's department concerning any matter within its jurisdiction."

"In the enforcement of the laws of the state and the United States, I naturally seek the hearty cooperation and assistance of the district attorneys. It will be the policy of this department to work through the local officials since they will be familiar with the conditions surrounding the matters under investigation."

"A campaign of education will be conducted throughout the state, with the end in view that the people may become familiar with the provisions of the law, and may realize their duties and obligations with reference to intoxicating liquors."

Valley Doctors TO MEET IN GREEN BAY

APPLETON PHYSICIANS AND SURGEONS WILL GO TO GREEN BAY MEETING TOMORROW

A majority of Appleton physicians and surgeons will go to Green Bay tomorrow to attend the annual meeting of the Fox River Valley Medical Society. The sessions will be held in the Green Bay Elk club house. The meeting will close with a banquet in the evening at the Beaumont hotel.

The organization is one of the oldest medical societies in the state of Wisconsin and its membership includes practically all the physicians in the Fox River valley, to as far north as Stephenson, Mich.

The afternoon session will begin promptly at 3 o'clock. A very interesting program has been prepared, in which speakers from Chicago, Appleton, Menominee, Mich., and Green Bay will take part.

In the evening, a banquet will be served at the Beaumont hotel, at 7 o'clock. The society will be addressed by Thomas A. Delaney, federal prohibition director for this district. His topic will be "Prohibition, as it Pertains to Physicians."

A large number of physicians from cities of the Fox River valley and the northern part of Wisconsin and the Upper Peninsula of Michigan is expected to attend the meeting.

The afternoon session will begin promptly at 3 o'clock. A very interesting program has been prepared, in which speakers from Chicago, Appleton, Menominee, Mich., and Green Bay will take part.

In the evening, a banquet will be served at the Beaumont hotel, at 7 o'clock. The society will be addressed by Thomas A. Delaney, federal prohibition director for this district. His topic will be "Prohibition, as it Pertains to Physicians."

A large number of physicians from cities of the Fox River valley and the northern part of Wisconsin and the Upper Peninsula of Michigan is expected to attend the meeting.

the workers. Several of the other companies, however, had practically decided to offer the increases before the Kimberly-Clark action was announced.

Mills which granted increases are: Kimberly-Clark Company; Fox River Paper Co.; Patten Paper Co.; Interlake Pulp and Paper Co.; Thilmany Pulp and Paper Co.; Kaukauna Fibre Co.; Outagamie Paper Co.; Riverside Fibre and Paper Co.

KAUKAUNA NIMRODS FORM ASSOCIATION

GAME PROTECTIVE ASSOCIATION ORGANIZED AT MEETING LAST NIGHT—APPLETON MEN HELP.

Organization of the Kaukauna Fish and Game Protective association was completed at a meeting of Kaukauna sportsmen at Elk Club, Kaukauna, last evening. The club has a membership of 24.

Among the Appleton men in attendance were Mark S. Catlin, president of the Wisconsin Game Protective association; V. C. Buell, field agent for the association; T. A. Gallagher, Max Schwab, James McCabe, and W. H. Follattek. Addresses were delivered by Mr. Catlin and Mr. Buell.

The following officers were elected: Charles McGregor, president; Joseph Hendricks, vice president; Ben Heilmen, secretary; R. G. Mills, treasurer.

The Kaukauna organization will cooperate with the Outagamie Fish and Game Protective association in its effort to conserve hunting and fishing resources of the county and state.

SOLVES HOME PROBLEM BY LIVING IN BOATHOUSE

The housing proposition has been settled by at least one Appleton resident, William Miller, who has purchased a boathouse near Lehman's landing from Fred Behrent, which he intends to convert into a summer residence. In this way he will avoid the high rent asked by owners of apartments and houses. It is understood that several others are planning to follow his example.

Vermeulen's

reacting against the prohibition law. They point out to election returns in the east where dozens of cities, dry for many years, have indicated a preference for the old days when beverages with a kick were offered for sale.

Card of Thanks We wish to thank our neighbors and friends for their kindness and sympathy, and for their floral offerings and also Rev. Burrows and Rev. Beisser and Miss Harper for their services and vocal selections during our recent bereavement the death of our mother, Mrs. Charlotte Kroeger.

Signed Viola Kroeger Mr. and Mrs. Fred Eisenmann, adv.

AMERICAN LEGION POST MEETS TOMORROW NIGHT

An important meeting of the Onyx Johnston Post of the American Legion will be held at the armory at eight o'clock tomorrow evening. Because of the important business to be transacted it is believed the meeting will be largely attended.

Last evening a Post of the Legion was organized at Little Chute with an Appleton man in charge. The Post has about 25 charter members and many more are expected. Officers will be elected and a name selected at the next meeting, which will probably be held immediately after the charter is received from the national headquarters.

RURAL SCHOOL TEACHERS WANT SALARY INCREASES

Teachers of county schools, like those of city schools, are planning to ask for a substantial increase of salary the coming year. Most of them were granted a raise this year, and a few were given bonuses in addition. The cost of living has advanced so much since then that they claim their salaries are out of proportion to their expenses and not keeping with positions that require less training. The salary question of city teachers is now before the school boards, but the problem will not be taken up by the school boards of the county until late in the spring.

Mrs. William Wadsworth of Milwaukee is visiting her sister, Mrs. Charles Shea, 656 Lawe street.

SHORT NOTES

Fred Klaus of Winneconne was a visitor here Tuesday.

Harvey Gazerowitz was a business visitor at Neenah Tuesday.

Thomas Fitzgibbon of Menasha was in the city this morning on business.

Members of Alpha Delta Phi had a supper party last night at the sorority cottage following the regular meeting.

Richard E. Thickens of the Banta Publishing company, Menasha was here on business this morning.

Daniel Courtney gave the only number at the rhetorical program at the high school Tuesday afternoon.

The Rev. W. A. Arpke of Chilton, returned to his home after visiting at the home of J. C. Arpke, 615 Menard street.

Arista Fairbanks has disposed of his farm in Grand Chute and purchased a home on Oneida street, to which he moved his family yesterday.

Heideman defeated Strohofer, 2 to 0, in the opening round of the younger boys checker tournament at the Y. M. C. A. Tuesday. Several matches will be played today.

C. A. Griffiths of Chicago, auditor of the Northwestern Railway company, was in Appleton yesterday on his regular monthly mission of checking up the Ashland division depot.

T. M. Nugent of Green Bay, roadmaster of the Superior division of the Chicago, Milwaukee and St. Paul road, was in Appleton on business yesterday.

"One cannot tell what may be in a man, my Lady. If all were to return to nature tomorrow, the same man might not be master — nor the same man servant. Nature would decide the matter for us!" "Male and Female," Majestic, Monday, March 8.

THE "STEEL TRUST" ABSOLVED.

The United States Steel corporation and subsidiary companies win a complete victory against the government in the latter's attempt to have them dissolved as an iniquitous combine operating in violation of the Sherman anti-trust law. Although the supreme court was divided, the majority opinion lay with the defendants and that is all that is required to exonerate them from wrongdoing. We think public opinion has kept an open mind on the merits of this prosecution, and that it will therefore accept the decision with approval. The interest of the public consisted in having justice done, and confidence in our courts justifies the conclusion that this has resulted in the Steel corporation case.

That the so-called "steel trust" has, in common with all large corporations, suffered from popular prejudices against it because of size alone will not be denied. We have perhaps been too ready to condemn our industrial giants on general principles, and this tendency has been accelerated by the misconduct of some of them. However, it is a fact that the United States Steel corporation has weathered this hostility better than any of the others which have been attacked both in and out of court.

The more liberal attitude toward the Steel corporation has been induced by various factors. For one thing, it has not been offensively conspicuous in politics. It has the reputation of being the most efficient manufacturing organization in the country, and that pre-supposes operation on business principles rather than by stealth and privilege. Again it has rivals in the field which have given and received healthy competition. It has never been successfully proven that the steel corporation has not actually lowered the price of steel products through competent management, extensive economies and extraordinary efficiency. Indeed, it is recognized that these factors have opened to it the markets of the world. Finally, there is the large distribution of its stock among employees and public investors, all inviting in more or less degree popular respect and confidence.

Of course if the Steel corporation were a "bad trust," viciously robbing the people and destroying competition, it would have to take the consequences, but it is much better to establish its place with clean and wholesome American enterprise. The effects of the decision will be beneficial to all legitimate industry as a whole, for it will stimulate greater effort to develop large undertakings on sound lines and in conformance with modern ethical standards. Industry now has the assurance that the initiative and resourcefulness which builds on a big scale will not be penalized because of stature, and that it has nothing to fear so long as its methods are legitimate and it gives service and superior products at prices which net reasonable returns.

The steel case decision is further evidence of the fact that the average American business man is honest and conscientious and that he does not lose his integrity when he rises from small beginnings to high places and to wealth. Probably nine out of ten successful business men come from humble origin, and as a class they carry with them through life the precepts which gave to them the confidence of their fellow men and which lay at the bottom of their success.

OUT OF THE WORLD.

Seven miles above the earth's surface! Farther from mankind than any other human being ever soared!

Indeed, and truly, Major R. W. Schroeder, army aviator, left the world behind him—and came back again to tell the tale. Nothing more remarkable, or thrilling, or death-daring, ever has been done by aviators.

Far above the blue sky, into the darkness of the higher sky's constant blackness, this intrepid sky explorer soared. He found air so thin he could not have lived had he not brought his earthly store with him; so cold his very eyeballs were frozen, with winds blowing eternally in

unheard of gales. He came back to tell an astonished world what exists up there on high, beyond the clouds, beyond what man pictures as sky, beyond what man calls his world.

Countless numbers of human beings have pondered on a trip out of the world. They have wondered what would happen to them; how they would feel; what sights they would see. But only one in a billion had the courage to go and see for himself what there is beyond. That man knows better than any other how it feels to live out of the world. And by the same token he stands first in the list of those who must believe this is a comfortable little old world after all. For no person who has been out of the world can exactly appreciate the light and heat and air in the world.

Some day some human will reach the farthest-away spot out of this world which is possible of attainment and return to tell the story just as Schroeder has done. That may be 10 miles. It may be a dozen. It may be more. This dream MAY be realized—

All aboard! Interstellar limited leaves the world for the Mobn, Mars, Venus and way stations! All aboard!

FRANCE IS SOUND.

The attempted railway strike in France was an incident of extreme radicalism. It was a sympathetic walk-out on an absurd pretext. Bolshevik tendencies are reported to have been back of it as a demonstration against the constituted government of the country. The republic was not slow to accept the challenge and in forty-eight hours it broke the strike. Public opinion was overwhelmingly with the authorities. People of every rank flocked to the assistance of the government in the care and operation of the railways, with the result that transportation was not seriously handicapped. They simply were determined that France should not be held up and placed at the mercy of radicalism. No genuine demands were involved. It was an economic and political test of what is versus fantastic and revolutionary programs.

France has been through a terrific strain. It has in a sense been wide open to propaganda of discontent and anarchy, and there have been reports that the agents of unrest were making progress, even to the point of undermining her democratic institutions. The railway strike is abundant refutation of these sinister rumors. It indicates that France is sound to the core, and that its people have set themselves to the difficult task of reconstruction with the same heroic determination they displayed throughout the war. They are going to work out their problem on the tried and true formulas which made them a great and prosperous and contented nation. They are not going to be side tracked by destruction and subversive isms invented by political neurasthenics who never created a thing worth while in their lives, and whose sole stock in trade is to live off the delusions of others.

Public opinion is as irresistible in other countries as in France, a fact which some of our red agitators in the United States would do well to take into consideration.

Today's Poem
 LENTEN LAMENTATION
 I pour no ashes on my head;
 I twine no sack-cloth on my loins;
 My fare is rich, my meat is red;
 I sit up nights and watch for coins;
 My conscience does not scorch or burn;
 I'm no remorseful penitent;
 (I'm making out my tax return
 And heaven knows that's enough for Lent)
 I seek a seat at vulgar shows;
 I laugh aloud and smite my palms;
 I look on chorus girls in rows;
 I have no twinges and no qualms.
 I look for further faults to learn;
 I'm thinking up new devilment;
 (I'm making out my tax return
 And heaven knows that's enough for Lent)
 I'm picking long and black cigars;
 I feast like any Epicure;
 I sigh because there are no bars;
 I do not love the worthy poor.
 All Sabatarian rites I spurn;
 Likewise all fast and fastidious;
 (I'm making out my tax return
 And heaven knows that's enough for Lent)

Mrs. Kellogg Fairbanks, of Chicago, Ill., and Mrs. Beverly Mumford, of Richmond, Va., who have been appointed as members of the United States Assay Commission, are the first women to be thus honored.

Women are acting as assistant observers for the United States Weather Bureau, and assistant horticulturists for the Department of Agriculture, but are not permitted to take tests for climatology in its relation to agriculture.

Mrs. Bertha Ayrton, the only woman member of the Institution of Electrical Engineers in England, is credited with inventing the anti-gas fan, which was used on the battlefield as a protection against the poisonous gases employed by the Germans.

Confessions of a Bride

(Copyright, 1920, by The Newspaper Enterprise Association.)

It Is Impossible to Imagine Chrys Eating Course Mexican Food

Chrys began her story with her disappearance from the secret chamber.
 "I never knew who carried me off," she said. "I was watching Spence and Archer as they pounded down the panel in the wall. Suddenly a shawl was flung over my head and fingers tightened on my throat and kept me from calling out. I was dragged up a flight of stairs—I was dragged roughly and I was very much afraid. For the first time in my life, I was afraid. That was because I could not see. I think I was choked into insensibility. When I could move freely—and open my eyes, I found myself in a hovel. I think it was the meanest hut in the village."
 "Impossible!" I exclaimed. "You—Chrysobel Lorimer—shut up in a dirty shanty?"
 "For days and days, my dear," Chrys replied. "And eating coarse common Mexican food?"
 "Surely. And very glad to get it, after a few days."

"Horrible! Now I understand why you were all when we found you on the beach—and so helpless in the storm. How terrible!"
 "Not at all, Jane. Not at all! I had all the comforts the poor natives had. If it was not an impossible habitation for other human beings, why should it prove impossible for me?"

I looked at the girl in astonishment. Plainly, the tender soul which had been missing from that beautiful body had found its way back at last.

"Nobody ought to exist under the conditions I saw in that place. And yet thousands do—the poverty stricken in every corner of the globe. Since the war, more thousands than ever in the history of the world, I suppose. Nobody can learn how hateful poverty is just by reading about it. Nobody can know what starvation means unless he is deprived of food. You've got to live it, Jane. Well, I've lived it all. Don't feel sorry because I suffered, my dear. I do not regret anything that happened. I'm really glad, Jane."

"Chrys, you talk as if you'd gone back to your job of reforming the universe," I said.

"Maybe I have," she said softly. "But not in the old way. I'd be reforming now with the individual. And first, I'd set everybody to work. Many people are lazy. People do not realize that human comforts only come from human effort. This old world isn't suffering from any too much honest effort, just now."

"Jane, I learned the worst there is to know about life during those awful days in the hovel. Noise, smells, dirt, wretched food, quarreling and brutality, greed, selfishness, crime and sin—I met them all face to face. And I discovered how blind I had always been to them as actual facts in this big world. I discovered how willfully I had ignored them just because they were so hideous that the thought of them hurt me. I saw for the first time that they fill the years for millions of human beings. And I counted my nice friends and my nice relatives, cultured and well-to-do persons who positively refuse to behold any form of human wretchedness, just as I have always done. Jane, we felt the rule of war. And we hated it—and stamped it out. Now we are ruled by greed—and we haven't any machinery ready to stamp that out, Jane. I believe that human greed makes poverty and I vowed that if I ever got out of that hole—and back to my true self, I'd spend my days making this world less selfish. As soon as I stopped thinking about myself, something inside of me relaxed."

(To Be Continued)

THE PEOPLE'S FORUM

To the Editor of the Post-Crescent:—I want to take this opportunity of thanking you for editorially calling attention to my article published in your columns on Wednesday last, under the caption of "The People's Forum."

I value the criticism for the reason that I feel you have diagnosed Appleton's ailment correctly and it wasn't necessary to use the X-ray either. You hit the nail on the head, when you said that Appleton needs an aggressive and united Association of Commerce, that would work energetically and enthusiastically to promote the growth and betterment of the city and with such an organization functioning we would soon have the community interest and spirit that is now lacking.

In this connection might I state that I have personally advocated and expended considerable effort in an honest endeavor to bring about just such an organization, but unfortunately Appleton has never in all its history been able to get together on a common ground, and the Manufacturers', Merchants' and Grocers' Association (along with its Commercial Club, have all died in their infancy, so that as a matter of fact we really have no family record (in the parlance of the Life Insurance World) to build upon and its Citizens apparently are too self satisfied and don't care a tinkers hoop to grow, for growth would demand increased responsibilities; or they are afraid to cast off the dead past from their memory and go to it with a new spirit, and determination of achieving the organization which membership shall be open to every citizen both men and women, regardless of their calling, so long as they are full fledged Americans and willing to give both of their time and money to maintain the organization on a business like basis under the direct management of a board of Directors, subject to recall, and an able Secretary who will be paid a salary of sufficient size to warrant securing the services of a man "who knows."

Labor without Capital will avail nothing, neither will Capital without Labor get anywhere. What makes a community? Surely not Labor alone, neither does Capital alone; both are dependent on one another and as true as night must follow the day, so must Labor and Capital pull together for the common good. Let the laboring class once feel that they are getting their just due, mind you—just due, and there will be no further strikes which are costly to both sides, but as a result there will be increased production and everybody will know and appreciate his responsibility and the loyalty of Labor to Capital and Capital to Labor will never again be questioned.

The greatest step forward that Appleton has taken in years was recently gained over night unbeknown to herself when a group of Green Bay business men came here and not only purchased but consolidated our daily papers. These men have vision which was reflected in their first public announcement in which they stated that their paper would be non-partisan and will remain steadfast in your decision and I predict that you will become the greatest dynamic power and the best loved institution in the city. It is within your power to not only guide but to show us the light as you are now doing in our sister city, Green Bay. Then, with organization, co-operation, and with the spirit of Christ to guide us out of the darkness, we shall soon find ourselves and then we will all realize that "we live to serve" and not "serve to live." Fred Felix Wettengel, Appleton, Wis., March 2, 1920.

TWENTY-FIVE YEARS AGO

Wednesday, March 5, 1895.

Mrs. G. D. Marston is quite ill with grip.
 Shipments of pulpwood by rail continue to arrive slowly at valley points. John Stein fell from a load of ice at Darboy and fractured his arm.
 Jacob Moder died at his home at 305 Jefferson street, leaving a widow and several children.

D. J. Ryan of Buchanan began suit against the Green Bay & Mississippi Canal company for \$25,000 damages for throwing up numerous piles of rock while dredging a channel in the river in front of his property, infringing upon his riparian rights.

Edward Lehman, Edward Schmidt and Joseph Wirtz discovered that they had been robbed of sporting apparels in store in the vicinity of Lehman's landing.

Only three towns had made their complete tax returns to the county treasurer, Ellington, \$3,650; Horton, \$2,375; Osborn, \$1,080.

C. B. Pride is adding a piazza to the front side of his residence at the corner of Alton and Meade streets. Timothy Bell has leased the A. L. Smith residence lately vacated by J. C. Rogers.

Dr. William Comerford had sufficiently recovered to take a short ride about town.

The State Dairymen's association bill to prevent the manufacture and sale of filled cheese and other imitation dairy products passed the assembly.

Gus Hamann was critically injured at the sulphite plant of the Manufacturing Investment company by getting his head caught between a beam and a moving truck loaded with pulp.

THE PASSER BY

True wit is nature to advantage used.
 What oft was that, but n'er so well expressed.

CALENDARIUM OF JOHN EVELYN, JR.

10. Feb. And is mine wife recovering slowly and God be thanked, forasmuch as doth both me and my son and I miss her greatly in her illness, and is the house awry mesmeric. In the even to the tragedy, "Hamlet," by Will Shakespeare, and nobly don forsooth, nor am I able to return to my dwelling place until near the midnight hour.

11. At home the day and doing this & that about ye house to be of service, and well worn ere the day doth pass, nor yet having opportunity to thus lie down and rest himself, and worry'd moreover for fear mine son has contract'd cold and would become ill. This even as did I run for a car which had been standing the motion close the door upon me as I approached, and upon seeing me does he open it with alacrity saying the while: "Pardon me, sir, nor did I see you coming," and was I astounded, forasmuch as the class is wont to give scant courtesy, 'en much less apologize, and I show mine appreciation for his politeness, as would all methinks, did they receive more of it.

12. Comes news of the death of the famous Gaby Deslys, the French actress and society, and I do recall an occasion when I had been in Albany city of New York state, and at dinner in ye tavern a woman of exceptional beauty doth make ayes at me, methought, and with manly sly glances did she regard mine table. Becoming self-conscious did I make shew to return her advances, marvelling the while at her chic appearance & her beauty, yet did nothing ere come of it, and I failed to meet her, admitting 'en I could so have done, and was it some time lat'r did I learn who she was. And thought I, "Do I possess the hair or yet the figure of a king? Forsooth not, nor, in my lineage is there the blood of a Portuguese." Home earlie and to bed bedtimes, a most welcome diversion.

GIVING THE PUBLIC WHAT IT THINKS IT WANTS

Theatrical managers and playwrights who are forever wondering "what the people want" will find their problem solved—or entangled—by the report that the Shakespearean performances here last week drew \$27,000, and Fred Stone in "Jack O' Lantern" drew \$22,000. And throughout the week all the bigger vaudeville and picture shows turned crowds away, especially those which recently have raised their prices. "What the people want" seems to be merely some place to go when they're all dressed up.—Kansas City Star.

The Linbo of Forgotten Things club has installed a seat for 25 per cent along side of "Skidoo" and "Twenty-three" and it is understood that the one for "I'll say" is almost finished.

We see where Ibanex is going to write a book about America and we suppose the only reference he will make to Grand Rapids will be concerning his room at the Pantlind, inasmuch as he was too busy to leave it that time he was here.

Now that the Newberry case has broken into the movies it might not be a bad idea to construct a toy bridge of a battleship alongside of the federal building so the senator can feel at home.

There are some who play with a loaded revolver and there are five others who would wear the crown of Hungary.

We haven't heard much about Article X of late, but it can be imagined that some people think it is as cross as ever.

Literary note: All the characters in Dickens who use the word "cove" really mean the "bird" of our modern speech.

Money in circulation is said to be about \$47 per capita and the taxation for 1920 is about \$17 per capita, so it isn't hard to discover who the kite is in this little game we are playing. J. T. G.

Health Talks by WILLIAM BRADY M.D. NOTED PHYSICIAN AND AUTHOR

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and stamped, self-addressed envelope is enclosed. Requests for diagrams or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

The High Cost of Sickness—IX. The Sanitary Home.

Some men are so obsessed with microbophobia that they have even their shaving soap impregnated with antiseptics. Soap itself is antiseptic. A lather is a very good protection in shaving. But we do love to paint the lily.

According to an old superstition anything giving off a noisome odor was injurious to health. This idea happened to be correct in a very few instances. It led to a sort of homeopathic notion that disease might be driven off by some malodorous substance. Of course, we know now that unpleasant odors neither cause disease nor dispel disease—all of us except Mrs. Tim Idity, who still imagines she wards off disease by wearing camphor, asafetida or some other odoriferous charm about her neck. It is curious how people can harbor the fancy that germs, which they believe "lurk" in malodorous places, are frightened off by comparatively mild odors.

Speaking of disease germs "lurking" here and there it may bear mention that disease germs never travel of their own accord. They go only where they are carried. They do not exist or float about in the air, as some exploiters of "sanitary" flapdoodle would have folks believe. Disease germs are considerably less capable of seeking victims than are bedbugs or head lice—and every one knows that these visible parasites have to be carried to fresh fields, having no wings at all. Disease germs "lurk" with all the malice aforethought of grains of wheat "lurking" anywhere.

Soap and water and elbow grease are the most reliable sanitary agencies for the protection of the home. Sprinkling, spraying, smearing or exposing chemical disinfectants about the house, in the bathroom, or in the cellar, is of no advantage as compared with cleanliness.

The popular faith in anything labeled "antiseptic" is too great for safety. Take an ordinary 1 to 5000 solution or 1 to 2000 solution of bi-chloride of mercury (corrosive sublimate). If this solution is to destroy any germs the hands or materials must be immersed in it at least five minutes. A mere dip is quite innocuous to most germs.

There is no actual evidence that disinfectants offer any protection to health when applied to floors, walls or furniture. The only real purpose

a disinfectant solution can serve is for the destruction of disease germs in discharges from the body of the invalid and germs on articles soiled by such discharges. Soap and water, fresh air and sunning will serve every other purpose in the sanitation of the home. For disinfecting discharges and articles soiled or contaminated by such discharges, perhaps the cheapest and most effective disinfectant is that known as Iygenic Laboratory Pine Oil Disinfectant which any pharmacist or chemist can prepare after directions given in Reprint No. 304 of the U. S. Public Health Reports, obtainable free on application to the U. S. Public Health Service, Washington, D. C. (five cents to non-residents of the United States).

QUESTIONS AND ANSWERS.

Husbands, Take Warning.

I have recently been married and after our marriage I found that my husband snores dreadfully at night. It makes me feel so bad that I cry myself to sleep. Is there not some condition that will prevent this awful condition? How can I go on loving him? (Mrs. S. Paul.)

ANSWER—Gently guide him around to the nose and throat specialist for a few treatments to tone up his atonic Schneiderian membrane.

The Two Weaklings.

Two young men who are members of my class are victims of the cigarette habit, and since the class has gone in for basket ball these two find themselves very much handicapped for a hard game by being short of breath. They both think the cigarettes are responsible and want to quit. I thought your monograph might help them. (Teacher.)

ANSWER—The minor who finds it necessary to use tobacco is usually defective in one way or another, physically, mentally, or morally, to begin with. The tobacco adds to the defect. If the young men will send self-addressed envelope the monograph will be promptly mailed. It is foolish for a young man to attempt to succeed in athletic work of any kind if he uses tobacco.

Basket Ball.

I am a girl 15 years old. I cannot sleep, especially if I have been to a basket ball practice in the evening or merely at a game. . . . all night I think about the game and it is impossible to get to sleep.

ANSWER—Basket ball is a fine game for girls, but the time for basket ball or other wholesome game or athletic work is in the day, and not in the evening.

Nettleton Shoes of Worth

ONE instantly appreciates the highbred and exclusive distinction of Nettleton Shoes. They are never obtrusive, yet they are inescapably a mark of good taste, the chosen footwear of men notable for the fine harmony of their apparel. Visit this shop and see our many perfect examples of Nettleton Shoemanship. The model shown above is but one of the many.

PRICES IRREGULAR ON GRAIN MARKET

COMMISSION HOUSES ARE ACTIVE TRADERS—FOREIGN NEWS DEPRESSES THE MARKET.

By United Press Leased Wire
Chicago.—Grain futures bobbed up and down in an irregular market on the Chicago board of trade today. Commission houses were most active traders, the sellers being slightly more in evidence than buyers. Depressing foreign news was a factor and some longs were intent on taking profits. Receipts were small. Provisions were stronger, a better hog market being the guide there. March corn opened at \$1.47, up 1/2, and later advanced 1/4. May corn down 1/4 on opening at \$1.40 1/4, gained 1/4 in later trading. July corn was 1/4 up at the opening, \$1.34, thereafter gaining 1/4. Sept. corn opened at \$1.31, up 1/4, and remained at that level. May oats opened at \$3 1/4, up 1/4, but lost 1/4 before noon. July oats, after opening 1/4 up at 77, lost 1/4.

Chicago Markets

CHICAGO LIVESTOCK MARKET.
Chicago, March 3.
HOGS—Receipts 17,000. Market slow. Bulk 14.50@15.25. Butchers 14.50@15.40. Packing 14.00@15.50. Light 14.50@15.25. Pigs 14.25@14.50. Rough 12.50@12.75.

Admission 25c

conferring of the third degree. Delegates were present from Seymour, Kaukauna, Neenah and Menasha.

Young People Elect
A. Schultz was elected president of the St. Matthew Young People's society for the ensuing term, at a business meeting held last evening. R. Yahnke was named vice president and H. Aures as secretary and treasurer.

W. R. C. Meeting
The Women's Relief Corps. Auxiliary to the Grand Army of the Republic, will meet at 2:30 o'clock Friday afternoon at Odd Fellow hall. Balloting on candidates and initiation will constitute the afternoon's program.

Sherman House Banquet
Pledges of Theta Phi fraternity entertained the active members at a banquet in the French room of the Sherman House Tuesday evening. Kenneth Lawson of Neenah, was the only out-of-town guest. About thirty-five were present.

Entertains at Dice
Mrs. Peter Sinners entertained a dozen ladies at dice at her home on West College avenue Tuesday in honor of Mrs. Joseph Heckel, who returns home to Canada within the next few days. The prize was won by Mrs. Edgar Walters.

Missionary Meeting
The Women's Missionary Society of Trinity English Lutheran church will meet with Mrs. G. W. Kaufman, 632 Washington street, tomorrow afternoon. The topic will be "South America," and Mrs. R. Neuman will conduct the meeting.

Birthday Anniversary
Mr. and Mrs. John Stevens entertained a group of friends at their home Monday evening in honor of Mr. Stevens' birthday anniversary. A surprise feature of the gathering was a visit by a number of their friends attired in laborer's working clothes of out of date fashions. The guests were entertained with dancing and music.

For Bride To Be
Miss Katherine Warner entertained a party of friends at a miscellaneous shower last evening in honor of Miss Ethel Johnson, whose marriage to Herman Krempien is scheduled to take place in the near future. Dice playing was a feature. Prizes were won by Miss Anna Hollenbach and Miss Lida Schneider. The remainder of the evening was spent in dancing and playing games. Out-of-town guests were Mrs. Chris. Wickert and daughter Virginia, of Milwaukee.

Ladies Aid Society
The Ladies Aid society of the German Methodist church will meet tomorrow afternoon at the home of the pastor, the Rev. J. L. Menzner, 852 Hancock street.

MOOSE ELECT OFFICERS
AT MEETING YESTERDAY

M. J. O'Connor was elected delegate to the supreme lodge convention to be held at Mooseheart, Ill. in June, at a meeting of the Loyal Order of Moose Tuesday night. R. G. Zuehlke was chosen alternate.

Officers were elected as follows: Robert Abendroth, dictator; Grover Smith, vice-dictator; Henry E. Krause, prelate; G. C. Lipke, treasurer; Philip Weifenbach, trustee for three years.

An address on "Mooseheart Service" was given by Attorney John Morgan. A smoker followed the business session.

A class of candidates will be initiated at the next meeting Tuesday night.

ELKS WILL NOT ATTEND
STATE TEN PIN TOURNAMENT

Appleton Elks will not be represented in the Elks state bowling tournament to be held this month at Kenosha. Six teams were entered in the tournament last year, but no interest has been taken in the present meet.

SCHOOL BOARDS DISCUSS
TEACHERS' PAY TONIGHT

The boards of the various school districts will hold a meeting at the Lincoln school building this evening at which a uniform schedule of wages for teachers for the coming year will be determined.

In the District of Columbia, women own and successfully operate 129 different forms of business and are successfully engaged in 21 different professions.

ABOUT TOWN

FALLS FROM CAR—While talinging from a street car at Little Chute Sunday evening, Mrs. J. P. Watry slipped and fell, suffering injuries to her back. She was removed to her home and attended by a physician, who reports that the nature of her injuries will not prove serious.

MASSMEETING—A short mass-meeting to arouse enthusiasm for the tourney at Oshkosh this week was held at the high school Tuesday afternoon. Talks were given by several players of the basketball team, and Coach Vincent.

SEARCH FOR BOY—The police department was asked late yesterday afternoon to be on the lookout for Russell Moore, a boy who ran away from his father's farm eight miles north of Kaukauna. He was expected to come here, but has not yet been located by the police.

REALTY TRANSFERS — Among the real estate transfers recorded at the office of register of deeds this

morning were: Martin Hill to Martin McCormick, four acres in Oneida, consideration, private; Mrs. Johanna Wuerger to Charles Manville, lot in Third Ward, consideration, private; A. L. Jackson to F. J. Schubert, lot in Sixth ward, consideration, private; George W. Gates to C. S. Manville, lots 52 and 53, Randall park addition, Grand Chute, consideration, private; George Gates to R. S. Manville, lots 54 and 55, Randall park addition, Grand Chute, consideration, private; George W. Gates to Martin Haley, lots 56 and 57, Randall park addition, Grand Chute, consideration, private.

LENTEN SERVICE—Lenten services will be observed by the Mount Olive English Lutheran church this evening, the Rev. R. E. Ziesemer preaching the sermon. A special meeting will be held for the young people at the close of the preaching service, at which important matters will be discussed.

INHERITANCE TAX—Mrs. B. Sauerlich paid to Louis A. Peterson, county treasurer this morning the sum of \$21.74 which represented the inheritance tax on her late husband's estate which was valued at \$9,959.17.

COUNCIL MEETS—A regular meeting of the common council will be held at the city hall this evening. The salaries of city officials for the coming two years will be fixed and considerable other important business will be disposed of.

LENTEN SERVICE—Lenten mid-week services will be held at eight o'clock Thursday evening at Trinity English Lutheran church. The theme of the pastor's sermon will be "Judas Iscariot." A choir rehearsal will be held following the service.

BOY SCOUTS SEEKING ROOMS FOR MEETING

The membership of the Boy Scouts is increasing so rapidly that an effort is being made to secure rooms which can be used as headquarters. Two locations are under consideration and it is expected that one of them will be accepted within the next few days. As soon as a headquarters is established, L. Hooley, scoutmaster, will have regular office hours.

DR. S. PARKES CADMAN SPEAKS HERE TONIGHT

This evening Dr. S. Parkes Cadman, one of the world's greatest preachers, will speak at Lawrence Memorial chapel under the auspices of the Appleton Community Lecture and Artists series.

Because of his pre-eminence among the men of note such as Dr. Frank W. Gunsaulus, Dr. Newell Dwight Hillis and others, it is expected that the auditorium will be filled to capacity tonight to hear his message. As pastor of the Central Congregational church of Brooklyn, he has accomplished a million dollars in a decade for missions, and adding some 2,000 members to the church roll. The sale of seats for the event has been large.

CHURCH NIGHT PROGRAM ARRANGED FOR THURSDAY

Tomorrow night is "church night" at the First Methodist church. A program of meetings for the evening starts at 6:15 o'clock with the monthly supper and business meeting of the Epworth League. Alfred Root, president of the society will preside. At 7:20 o'clock, the praise service will be held after which the meeting will break up into study groups. At 7:50 o'clock, half an hour later the groups will reassemble and short addresses will be given by the delegates who recently attended the Inter-Church World Movement Conference at Milwaukee. At 8:50 o'clock, the official board of the church will hold its monthly business meeting.

BIG ITEMS CUT FROM URGENT DEFICIENCY BILL

By United Press Leased Wire
Washington. — The senate today adopted the conference report on the urgent deficiency bill. The senate was forced to agree to house action striking out a \$2,000,000 appropriation for repair of warships. The \$400,000 additional appropriation for the "speedway hospital, Chicago, remained in the bill. A million dollars asked by the customs service for use in enforcing prohibition was eliminated. The bill now goes to the president.

ASSAIL WILSON FOR POLICY OF SECRECY

PRESIDENT IS CHARGED WITH HOLDING UP REPORT TO SAVE THE PEACE TREATY

By United Press Leased Wire
Washington.—Introduction in the senate today of a resolution by Senator King asking that Armenia be given independence and Turkey be given a resolution asking for the report of the Harbord commission which went into Asia Minor. Wadsworth said Wilson is holding up the report to former Secretary Lansing urged that it be sent to the senate.

Senators Wadsworth, Poindexter and Lodge expressed indignation that the president has refused to acknowledge passage by the senate of a resolution asking for the report of the Harbord commission which went into Asia Minor. Wadsworth said Wilson is holding up the report to former Secretary Lansing urged that it be sent to the senate.

"It's being held up because if it were made public it would make certain the rejection of the treaty," Poindexter said.

The Shantung reservation was taken up today. Senator Lenroot, a republican, delivered a speech on it.

FINANCIAL STATEMENT OF WATER WORKS COMING

At a meeting of the Appleton Water commission yesterday the secretary was instructed to publish a financial statement of the water department before March 15 as required by the Wisconsin railroad commission. The payroll amounting to \$1,130.50 was allowed. The greater part of the meeting was devoted to discussions on matters pertaining to the department.

OBITUARY

ROLLAND L. DE LAND
Rolland LeRoy DeLand, 32 years old, died about 1:30 o'clock yesterday afternoon at the home of his mother, Mrs. Jennie B. De Land, 777 Mary street, after an illness of more than six months.

The decedent is survived by his mother, one sister, Miss Loraine DeLand, Appleton, three brothers, Charles, Superior; Archie, Vancouver, B. C. and Robert, Appleton. Funeral services will be held at 10 o'clock Thursday morning from the late residence with the Rev. Doane Upjohn in charge. Burial will be at Riverside cemetery.

FRANZ WINNINGER
Franz Winninger, 74 years old, father of Joseph Winninger, manager of Appleton theatre, died this morning at his home in Wausau after a brief illness. Death was caused by paralysis. The decedent lived in Appleton for several months about 20 years ago.

He is survived by his widow; one daughter, Mrs. Theresa Miller, Cadash, Wis.; five sons, Frank, John, Joseph, Adolph and Charles. All the boys are interested in the theatrical business. Funeral services will be held Friday morning at St. Mary church in Wausau. Joseph Winninger will leave tomorrow to attend the services. He visited his father last week after he was stricken with paralysis.

CALLAHAN FUNERAL
The funeral of Miss Anna Callahan was held this morning from St. Mary church and the body taken to St. Mary cemetery for burial.

INFANT DIES
William Thomas, infant son of Mr. and Mrs. Henry P. Thomas, 850 Jackson street, died this morning after a brief illness.

Oxfords and pumps with welt soles, full Louis or Petite leather heels, in patent, brown and black kid leather for semi-dress.

Smart tailored appearing oxfords in patent, black and brown for the street.

SPECIAL ATTENTION TO FITTING

Fashionable Skirt Materials-- The New Velour Checks

This is the ideal fabric for the sport skirts. It comes in combination of old blue and grey, tan and blue, brick red and blue.

Herringbone stripe comes in two tone blues — and many manish stripes in navy and blue, navy and green, grey and green. These fabrics are strictly new and have the best of wearing and draping qualities. Full 54 inches wide. Now ready for your inspection in the Dress Goods Section, first floor. \$6.00, \$6.50 and upward per yard.

Charming New Spring Blouses

Unpacked today, many new models for every purpose, worked out skillfully in Georgette crepe, Poulette, crepe de chine, satin and net.

Beading and embroidery are much used. These are carefully worked out in self and contrasting colors.

There are overblouses and tie-in models. These are shown in navy and the new spring colors, blue, dawn, gold, beige, rose, saffron, flesh, white and grey. The prices are \$6.50, \$8.75, \$10.00, \$12.00 upward to \$50.00.

Colorful Blouses in Organdy

For the much favored navy blue suit, there are organdy blouses in many models that come in maize, rose, blue, flesh, pink, green and white. The prices are \$3.95, \$5.00, \$5.75 and \$7.00.

Waists of Black

These come in Georgette crepe and crepe de chine. The models are such as can be worn high or low neck. They include strictly tailored models and models featuring tucks in unique designs. Priced at \$5.75, \$7.50 and \$10.00. (Fourth Floor—Blouse Section.)

In These Days of High Prices for Floor Coverings

there are many occasions where a less expensive substitute for wool rugs will fill every purpose. Your attention is directed to the extra heavy fiber rugs made by the National Fiber Textile Company at Neenah.

Constructed of a specially treated fiber, original with the Neenah producers, these rugs have more than twice as much body as an equal surface of grass rugs. They are made suitable for dining-rooms, bedrooms, sun parlors or porches.

In stock today are the 9x12 size at \$24.00, the 8x10 at \$20.00, 27 in. x 34 in. size at \$22.50.

(Third Floor.)

The "Easy" Vacuum Electric Washer

This week a special demonstration and sale.

See window display.

The "EASY" Vacuum Electric Washer differs from other washers, because it operates on the vacuum or suction principle. It is, therefore, very simple to understand why it cleanses clothes more rapidly and cleaner, and without wear and tear, than other washers do. When washer is in operation, the two vacuum cups inside the tub move up and down 60 times per minute, taking a new position on each downward stroke. The air contained in the cups on the down stroke forces the soapy water through the mesh of the garments, while on the up-stroke the cups suck the soapy water back through the mesh. This suction carries with it any foreign substances and dirt lodged in the mesh—it does not in the least injure the delicatest laces, flannels, lingerie, etc.; in fact it preserves them, there being no dragging, rubbing or jerking of clothes over cleated or corrugated surfaces.

CAPACITY — 10 sheets or 14 pounds of dry clothes.

TUB — 24 inches in diameter; 18 1/2 inches high. Made of solid copper, highly polished and lacquered. 3/8-inch roll rim edge around the top. Fitted with removable one-piece cover. Bottom of tub is fitted with a discharge valve which can be connected with sewer or open drain and permits emptying of tub in a few minutes. Cups are solid copper, heavily nickel plated, and can be easily lifted out of tub, giving free access to inside of tub. They are adjustable in height to accommodate various sized washings.

MOTOR—Motor is a well-known standard make 1-6 H. P. (Robbins & Myers or General Electric Co.) attached under tub.

GAS HEATER — Attaches under tub and maintains water at desired temperature. A great convenience.

ITEMS OF INTEREST FROM COUNTY AND STATE

NEW CHURCH WILL BE BUILT IN NEW LONDON THIS YEAR

LUTHERAN CONGREGATION PLANS \$60,000 EDIFICE—VOTE ON MANAGER FORM OF GOVERNMENT

(Special to Post-Crescent)
New London.—H. B. Cristy, manager of the J. E. Cristy store here, has purchased the residence, lots and dwellings of Andrew Jensen, corner of Wyman and Washington streets. The transfer was made Monday.
Dr. and Mrs. J. Y. Potter entertained at a six o'clock dinner Monday evening. Covers were laid for ten.
John C. Freeman has purchased of L. E. Reuter the house now occupied by L. E. Reuter on West Cook street.
The Girls' club will give a repetition of the comic opera fantaisie, "Katcha Koo" at the Opera House Tuesday evening. The house was nearly two hundred oversold for the first performance. The club cleared \$169 from the first performance.
It is reported that the plant of the A. M. Mayo company, known as the Bee Hive, was sold Saturday to the representative of a new industry which is to locate here in the near future.
The Edison five won from Sheboygan and Port Washington in two close games Friday and Saturday evenings on their way to the A. A. U. basketball tournament in Chicago where they will contend for the championship this week.
New London High school, five won from the Antigo High school team on the Edison club room floor last Friday evening. The score was 35 to 12. This is the first defeat given Antigo in seven years.
The Order of Eastern Star enjoyed a card party after their regular session Monday evening.
Walter Mayer has purchased the home of Hadrian Freuburger on West Spring street. The family of E. L. Reuter is to occupy it.

Rheumatic Pains

Quickly Eased By Penetrating Hamlin's Wizard Oil

A safe and harmless preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out soreness, and limbers up stiff aching joints and muscles. You will find almost daily uses for it in cases of sudden mishaps or accidents such as sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for carache, toothache, cramp and colic.
Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.
Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

Steve Dushenski, superintendent of the municipal light plant has resigned to accept a better position with an Oshkosh company. His place has not yet been filled.

The members of the Congregational church are busy in the effort to raise a larger budget than usual for the coming year.
"Hoppy's Cafe" will be the title of a new restaurant which is being opened this week in the Wagner building on North Water street. Clema Hopkins, a well known musician is the proprietor.

New London is in the throes of discussion on the city manager plan of government which will be voted on March 9.
Jacob Werner and Frank Jennings are having piles driven for a new concrete retaining wall which they will build across the south end of St. John's Place. They have their permit from the war department.

The American Plywood corporation has completed the driving of a row of piling the entire length of their site on the south bank of the river. The piling will permit them to store a much larger amount of veneer logs than they could otherwise carry.

Now that the railroads have been returned to private management, New London will take steps to secure a new passenger depot from the C. and N. W. Co., that will be suitable for a town of this size.

A Mr. and Mrs. E. H. Ramm spent the week end with their daughter, Mrs. D. V. Meiklejohn, in Fond du Lac.

Station agent Otto Fiedler and family have rented the A. C. Herrmann home and will soon vacate the Congregational parsonage for the family of the new pastor, the Rev. Mr. Ziegler.

Emmanuel Lutheran congregation is now in the process of raising a fund for a new church edifice. The congregation embraces nearly 400 families and it hopes to erect this church within a few months.

The library board has decided to have a rental collection of the latest fiction.

A. J. Wolfgang has redecorated the interior of Motor Inn, his garage on South Pearl St.

Principal E. N. Calef of the Waupaca County Training school for rural teachers here, has returned from a week spent in Cleveland, Ohio, attending the National meeting of Rural School Superintendents.

WISCONSIN ATTRACTS MANY TEXAS STUDENTS

Madison, Wis.—"Wisconsin is very popular with Texas students," says E. Youngblood, director in the Texas Agricultural Experiment station located at College Station, Texas, who has enrolled as a student in economics. Attracted to the university by the noted men which the Wisconsin faculty includes, a relatively large number of Texas students come every year to Madison. This is especially true of economic students since there is as yet no department of economics in the University of Texas.

Official estimates of wheat, harvested in the principal countries, except Russia and Rumania, were 2,246,249,000 bushels. This is a decrease of 271,677,000 bushels below the 1918 harvest in the same countries.

NEW TICKET RULING HITS FOND DU LAC UTILITY

(Special to Post-Crescent)
Madison.—The Railroad Commission has announced the following decisions and rulings:
The Prairie Farm Electric Co. ordered to increase its rates 50 cents per month for each street lamp and increase minimum monthly charge for commercial service 25 cents. The company had served notice it intended to discontinue the service to 60 residents and 10 business places and 22 of them petitioned the Commission to increase the rates so the company could continue.
While still investigating the complaints of poor service, the Commission has ordered the Eastern Wisconsin Electric Co. to sell communication tickets for use between Fond du Lac and North Fond du Lac at 12 for \$1, good at any time of the day. The tickets were formerly only good between 6 and 7 a. m. and 5 and 6 p. m.
The Oconto City Water Supply

BADGER DELEGATES NOT TO BE HOBBLED

STATE'S REPRESENTATIVES AT G. O. P. CONVENTION WILL NOT BE BOUND TO ANY CANDIDATE

Madison, Wis.—The unit rule of voting will not apply to Wisconsin's delegation at the Republican national convention if the uninstructed delegate candidates are elected.

There is always the possibility that the delegation will present a solid front for some candidate for president as was the case at the last convention, when the Badger state delegation was divided fifteen to eleven; but voted as a unit for the nomination of Charles Evans Hughes.

This was not due to the fact that the delegation was controlled or dominated by one man, but because the delegates all reached the conclusion that Mr. Hughes was the man to vote for. Despite factionalism at home, Wisconsin has exercised freedom at national conventions.

"The unit rule, where the delegation is controlled by one man, will not apply to the Wisconsin group at the Chicago convention in June," said Chairman George A. West. "The unit rule has never been put in practice by our state, and if the uninstructed delegate candidates representing, as they do, every phase of Republican politics, are elected, there is not the slightest danger that it will apply this time."

The uninstructed candidates for delegates at large, as well as the district candidates, are, without exception, men of experience in public affairs, and capable of judging for themselves as to the best man to lead the Republican party to victory.

A glance at the names of these candidates at once disproves any suggestion that the delegation might be

bossed, ruled or dominated by one man. They are all men who think for themselves. It seems especially important that Wisconsin should be represented at the convention by delegates free to use their own judgment in meeting any new situation or conditions that may develop.

It is very gratifying that Republican representative of every possible faction of the party are signing the nomination papers of uninstructed candidates in great numbers, showing that the people of the state want to be represented by uninstructed delegates and approve the policy of fair representation of every faction."

Kenosha, Wis.—The story of the murder of Police Officer Pingatore here the night of March 31, last, following the robbery of the American Brass company, became a closed incident today when Earl Loveday, one of the three bandits arrested for the crime, pleaded guilty in the circuit court to charges of murder and was sentenced to a life term. Carl O. Carlson, also a Chicago man, who pleaded guilty as an accessory to the murder some time ago, is serving a life term, and August Blank, the third member of the band brought back to Kenosha, yet to be tried on charges of accessory before the fact of the murder. He was held without bonds for a preliminary hearing set for next Thursday. He has asserted that he was connected with the robbery but not with the murder, and he may be charged with burglary.

Dr. Boyden of Seymour made a number of calls here last week.

Raymond Plannagen, Henry Diedrick and Alfred Smith made a trip to Green Bay Tuesday.

A son was born to Mr. and Mrs. Louis Giese Saturday morning.

Ben Herd of Chicago is visiting his sister, Miss Anna.

FLATS FOR RENT

FOR RENT—Flat. No children. Phone 1716J.

For the Little Ones

To Keep Their Digestion Perfect Nothing Is So Safe and Pleasant as Stuart's Dyspepsia Tablets

An experienced observer in charge of a large office said it was a waste of words to tell most people to eat plain food. They prefer the food that delights the eye. Checking up on the after effects the usual distresses of gasiness, sour risings, water brash, loquacity and so on may be avoided by following the meal with one or two Stuart's Dyspepsia Tablets. These supply the stomach with an alkaline effect, thus promoting normal conditions as in health. This puts the O. K. on so-called rich food. Men and women are but children of a larger growth when it comes to eating the foods that satisfy, even though they may cause indigestion.

Indigestion is not necessarily confined to those who live high. It may follow so simple a process as the flavor of a bay leaf, thyme, garlic, sage or any of

the other savory flavorings so universally used in soups, roasts, dressings, etc. As a rule if the stomach balks at such things, it will be disturbed by cheese, milk, coffee, pies and almost anything that most people like so well. Such conditions as these are not quite adequately followed by the meal with one or two Stuart's Dyspepsia Tablets. They digest food and at the same time supply the stomach with an alkaline effect that prevents gasiness, heartburn, sour risings, drowsiness after eating and such distresses so familiar to those susceptible to indigestion. For example, get a box of these tablets at any drug store in the United States or Canada, price 50 cents, and then note how comfortable the stomach feels. Your most excellent cook may use garlic without a protest.

LAWRENCE DEVELOPING ORCHESTRA MUSICIANS

Stringed Instrument Department of Conservatory Has Enjoyed Successful Year

The stringed instrument department of Lawrence Conservatory has had the most successful season thus far in the history of the conservatory. Some weeks ago a juvenile orchestra was organized which has been rehearsing each Saturday afternoon. This orchestra in addition to the regular conservatory orchestra which rehearses Wednesday afternoon forms a splendid outlet for ensemble practice of its members. No extra charge in tuition is required to belong to this juvenile orchestra. The only requirements of membership are that its members be students in Lawrence conservatory.

The orchestra is under the personal direction of Percy Fullinwider who also conducts the regular conservatory orchestra. Each organization has a membership of 20 to 25 different members. The teaching schedules of both Mr. Fullinwider and Mrs. Schumaker, his assistant, have been well filled throughout the season and constantly increasing. The splendid work being done by these instructors is evidence of the high quality of instruction maintained throughout the entire faculty of Lawrence conservatory of music.

LOTS FOR SALE

FOR SALE—Choice building lot on Walnut street opposite Restour park. Inquire at 904 College avenue.

LOT FOR SALE—On Lawrence St., just west of Mason. Phone 25.

All right, I have it. 30 a. 49 cleared, balance wood land, 12 room house with furnace, basement barn, other good out buildings; 2 horses, 2 colts, 6 cows, 5 yearling heifers, 1 bull; all farm machinery except a grain binder. Only one mile from Green Valley station. Price \$2,500.00, \$5,000.00 down. We have many other bargains in real estate for spring sales. If you wish to buy or sell this spring, get in touch with us. O'Connor Land Agency, Pulaski, Wis.

FOR SALE—20 acres with good buildings and all personal property, 1/2 mile from city limits on Spencer Road. Will consider exchange for city property. Phone 52711J.

WHOOPIING COUGH IS REACHING EPIDEMIC STAGE IN WISCONSIN

MALADY IS DISTINCT DANGER AND SHOULD BE GUARDED AGAINST, HEALTH BOARD SAYS

(Special to Post-Crescent)

Madison, Wis.—Whooping cough, by many persons regarded as a trivial malady which the children should acquire early and "have it over with," has assumed epidemic proportions in many quarters of Wisconsin. At the present time its prevalence is greatly beyond the normal. At the close of February 47 cases had been reported in that month to the state board of health. The normal number for February is about 250. The number reported undoubtedly represents a very small proportion of the cases actually present in the state.

Hundreds of child lives have been sacrificed to whooping cough in Wisconsin in the last few years, according to the state board. In 1917 the total whooping cough deaths were 182; in 1918 they were 138, an average of nearly 12 per month; and in 1919 this total was 112, or about 9 per month. The reported deaths are several times as numerous as those from small pox.

At present the disease is general, but some communities are severely smitten.

Whooping cough, rather than being a mere nuisance, is distinctly a danger, says the state board. The greatest danger is to the child under one year of age.

Comparatively few people, the board comments, realize that it is in the complications and after-effects that the danger lies. Broncho-pneumonia and tuberculosis are only too commonly the result of a supposedly "harmless" case of whooping cough.

"The early symptoms are much the same as for an ordinary cold," the board declares, "and accompanying them are restlessness, a loss of appetite, and increased thirst. If there are cases of whooping cough in your neighborhood, and your child develops any of the symptoms, it is wise to isolate and wait for the second stage, when the characteristic and unmistakable 'whoop' can be distinguished. It may be five days, it may be twenty days between the date of the infection and the outbreak of the symptoms."

"Never take a chance on a mild case of whooping cough. Have a good doctor and follow his instructions. The older and stronger the child, the better able he is to resist the after-effects."

CHICAGO FACES STRIKE OF ELECTRICAL WORKERS

By United Press Leased Wire

Chicago.—Union leaders predicted a general walkout of electric company employees today following a strike of meter readers.

One half of the meter readers of the Commonwealth Edison Electric Company walked out early today. The strike was sanctioned by the Chicago Federation of Labor, union men said.

Unless company officials accede to demands the workers will walk out during the week, leaders said.

TWO WOMEN IN MILWAUKEE HELD FOR DEPORTATION

By United Press Leased Wire

Milwaukee.—Two women were arrested and today are held for deportation hearing by federal authorities. They are Mrs. Olga Kruk, Milwaukee, and Mrs. Alexander Cherkov, Racine. They were released on their own bonds pending instructions from Washington. Government agents said the women "were worse than their husbands and a lot of other reds."

BLAMES BOLSHIEVISTS FOR LABOR TROUBLE

By United Press Leased Wire

Milwaukee.—Charles A. North, manager of the Fabricated Ship Company, where a strike of 500 workers occurred yesterday, today blamed "bolshievt propaganda circulated from Chicago headquarters of the American communist party" for a large part of the trouble between the company and a portion of its workers.

North says that leaflets were distributed among the workers. The men out are carpenters, boiler-makers, iron shipbuilders and helpers. North said that the chairman of the strike committee, a riveter, drew \$99 for six days work.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected

Judging from reports from drugists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Appleton Post-Crescent.

NEW TREATMENT THAT KNOCKS RHEUMATISM

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miracles. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expense to me personally."

F. H. Delano, 135-B Griffin Square Bldg., Syracuse, N. Y. I can send only one Free Package to an address.

WILL ANNUL MARRIAGE OF 11 YEAR GIRL TO ORIENTAL

By United Press Leased Wire

New York—Steps will be taken at once to have annulled the marriage of Anna Lee Wong, 11, to David Lee Wong, proprietor of a Chinese restaurant in Binghamton, N. Y., according to Dr. John R. Henry, director of the east side parish of the M. E. church of All Nations. The child is now in the care of the Y. W. C. A. Dr. Henry confirmed reports from Binghamton of the sale of the girl to Wong for \$700 by her supposed mother, a white woman calling herself Marie Chin Wore. Mrs. Wore is held on \$2,000 bail in Binghamton on a charge of abduction, he said. Her claim is, it is reported, that she was forced to sell the girl by a Chinese secret organization.

The little girl's maiden name is Anna Michaelson and she was adopted by Mrs. Wore from a foundling's home.

BODY TO BE EXHUMED IN MARKESAN MUSTARD CASE

By United Press Leased Wire

Fond du Lac, Wis.—A new chapter will be written in Markesan's famous mustard murder case Thursday when the body of Alfred Duffies is exhumed and a postmortem made. It is alleged that Alfred Duffies, whose death occurred three years ago, died under circumstances similar to those surrounding the death of his wife, Mrs. Nettie Duffies, with whose murder her son-in-law, Dr. A. J. Freudenburg, is charged. The preliminary hearing of Dr. Freudenburg, which has been adjourned from time to time, will be proceeded with Thursday, according to District Attorney Paul of Green Lake county.

A STRANGE STORY Told by a Well Known Detroit Man

Detroit, Mich.—"When I was about twenty-three years of age I suffered from general break-down in health, due to worry and overwork. I was also troubled with catarrh of long standing. To make matters still worse, I had a persistent cough which I could not get rid of. My appetite became erratic, indigestion resulted and constipation followed."

"After seven months of suffering when I had given up all hope of ever being well again, my wife asked me if I would try one more combination of remedies, if only to please her. Of course I complied with her wish, at the same time telling her not to expect too much from them. She had me use Dr. Pierce's Golden Medical Discovery, Dr. Pierce's Pleasant Pellets and Dr. Sage's Catarrh Remedy according to directions, and in spite of the physicians' predictions, in spite of my own doubts and misgivings, I gradually began to feel better. Hope revived—I took a new interest in life. In less than three months the remedies had effected a cure and I have never been troubled with catarrh since."

"Whenever I don't feel just right I take a few days' treatment of the 'Golden Medical Discovery.' If my bowels are sluggish I take the 'Pleasant Pellets.' The result is always the same—almost immediate relief. Can any sane person blame me for having faith in these remedies? And is it not natural that I should recommend them to my friends? For thirty years have I used Dr. Pierce's remedies and they have never failed me yet. At the age of fifty-three, I have the strength and vigor of a man of thirty-five. If I am enthusiastic in the praise of these remedies it is due to the fact that there is a reason."—HARRY VANDERBURG, 312 Euclid Ave. adv.

'SYRUP OF FIGS' IS LAXATIVE FOR CHILD

LOOK AT TONGUE! REMOVE POLYPS FROM STOMACH! LIVER AND BOWELS

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative for the stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California." adv.

Bad Sickness Caused by Acid-Stomach

If people only realized the health-destroying power of an acid-stomach—the many kinds of sickness and misery it causes—the lives it literally wrecks—they would guard against it as carefully as they do against a deadly plague. You know the first symptoms of acid-stomach—pains of indigestion; distressing, painful bloating; sour, gassy stomach; belching; food repeating; heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver, sometimes even catarrh of the stomach and intestinal ulcers and cancer. If you are not feeling right at the heart of the matter, it is your acid-stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC will quickly and surely relieve the pain, bloating, belching and heartburn that indicate acid-stomach. Make the stomach clean, clear and sweet, the stomach in healthy condition so that you can get full strength from your food, your general health improves. Results are marvellously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief. So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

EATONIC FOR YOUR ACID-STOMACH

WISCONSIN RAILWAY HAS QUIT RUNNING

RETURN OF FAIRCHILD AND
NORTHWESTERN ROAD TO
OWNERS MARKS ITS
DEMISE

By United Press Leased Wire
Eau Claire, Wis.—When the rail-
roads were returned by the govern-
ment to their owners Monday, there
was one railroad that ceased opera-
tions simultaneously with the trans-
fer.

This was the Fairchild and North-
western Railroad, 66 miles long, ex-
tending from Cleghorn to Owen,
Wis., passing through the towns of
Foster, Allen Fairchild and Green-
wood. The road is the property of
N. C. Foster, of the Fairchild Miller
Lumber Company and financier, who
built the line from Fairchild to Ow-
en in 1909 and the Fairchild to
Cleghorn line in 1915.

Today not a bit of rolling stock
was moving on the line, notice hav-
ing been made that the road would
cease operation.

No announcement was forthcoming
today either from Mr. Foster or
from his attorneys as to the reason for
the abandonment of the line.
However, it is said that the line is
being turned back after government
operation with nothing in the treas-
ury and all supplies and repair ma-
terial entirely exhausted and not re-
placed. Foster has also been quoted
as saying he was tired of financing
the road any longer.

There are a number of flourishing
towns along the line which taps a
rich farming country, in fact the
road has made some of the towns.
Announcement that the road would
cease operations came like a thun-
derbolt to these places.

That these towns will take con-
certed action to get a resumption of
rail operation is understood, for
most of them are entirely dependent
on this line.

The F. and N. E. connects with the
Omaha at Fairchild and with the
Soo at Owen.

Scientists tell us that when a grass-
hopper catapults himself into space he
has no idea where he is going to light.

What makes it the best?
Bowman's Pasteurized Milk
Diamond Crystal Salt
Choice Coconut and Peanut
Combined you get the
Highest Quality Nut Mar-
garine made.

LOWDEN APPEALS FOR COMMUNITY SPIRIT

G. O. P. CANDIDATE FOR PRES-
IDENT VISITS THE OLD
HOME TOWN IN
MINNESOTA

By United Press Leased Wire
Sunrise, Minn.—Governor Frank O.
Lowden of Illinois today began a four
day speaking tour of Minnesota with
a visit to this village where he was
born 59 years ago. It was his first
visit here in thirty-five years.

The governor saw the blacksmith
shop where his father worked; the
swimming hole he nearly drowned in
when he was trying to imitate the "big
boys"—it was covered with ice and
snow today—and the old Lowden
home.

Farmers came from miles around to
meet the governor and his wife.

The governor's party left the rail-
road station at North Branch and pro-
ceeded overland to Sunrise.

The governor made a short talk at
the schoolhouse.

"We must hold to the community
spirit, fostered during the war," he
said. "No matter where we live, we
must become a vital part of the com-
munity which surrounds us and so
revive the soul of community life."

"There was no trouble of American-
ization in Sunrise in the early days,
because the community spirit domi-
nated the place. There were common
hardships to endure and common
hardships to face. All must learn a
common language then or they could
not practice that cooperation which
pioneer life required. We acquired the
community spirit from necessity."

"As population tended to center
more in the larger cities, the old com-
munity spirit began to disappear, and
groups and classes began to form.
Then came the great war and the law
of necessity again governed."

"Again in every community our peo-
ple practice cooperation, without re-
gard to race, religion or class. The
community spirit reappeared. But
now we are in danger of losing it
again. We must hold to it with all of
our might."

RUMBELLION MAJOR SAYS HE IS VICTIM OF A PLOT

By United Press Leased Wire
Chicago—Major V. Dalrymple,
in charge of prohibition enforcement
in the central states, today reiterated
the claim that a fund of \$250,000 had
been raised to "ruin" him.

"Most of this amount, I am in-
formed, has gone to the public press,"
Dalrymple said.

Dalrymple led the armed invasion
of Iron County, Michigan last week,
to suppress the comic opera, whisky
rebellion.

Resolutions endorsing the stamp
taken by the prohibition officer in
his invasion of Michigan were adopted
by the Baptist ministers' associa-
tion after Dalrymple had presented
his side of the case.

There was a decrease last year in
combined output of corn, wheat
and oats of 236,000,000 bushels in
the United States outside of the
southern states, while in the south
these grains showed an increased
production of 335,000,000 bushels.

REFUSES TO WED AT POINT OF REVOLVER

By United Press Leased Wire
Chicago.—Jacob S. Cook,
33 years old, was in jail today
because he refused to be mar-
ried.

Cook was driven at the point
of a revolver by his prospec-
tive father-in-law to the li-
cense bureau. Charles Blei-
stein, head of the Internation-
al Lumber Dealers' Associa-
tion, demanded that Cook
marry his daughter, Minnie,
22.

"I want to be arrested,"
yelled Cook. Detectives
rushed up, took away Blei-
stein's revolver and placed
Cook in a cell.

VOLLEYBALL TITLE GAMES START SOON

CITY CHAMPIONSHIP WILL BE
DETERMINED IN SERIES
OF GAMES NEXT
WEEK

The volleyball championship of
the Y. M. C. A. will be decided in a
series of games to be held March 9,
10 and 12. Out of the eighteen teams
that have played in the season's
tournament, eight have been chosen
to play for the title. The captains
named are Adam Remley, Dr. Ells-
worth, George Packard, Frank
Young, Fred Agrell, Herman Get-
schow, Rev. Nesper and Roy Marston.

The following is the schedule for
the opening day, March 9:
5:20 Nesper vs. Getschow.
7:00 Ellsworth vs. Young.
8:00 Remley vs. Agrell.
9:00 Packard vs. Marston.

The winner of the Packard-Mar-
ston contest will play the winner of
the Remley-Agrell match; that of the
Nesper-Getschow, the Ellsworth-
Young game. The finals will be
played Friday night. The public is
invited to attend all matches.

The whole family sleeps near the
fire. Grass mats serve as beds and if
the head of the family is rich each
sleeper has a blanket. The huts are
surprisingly cool in the hottest weath-
er.

SCIENCE WILL PREVENT INSANITY; TEACHER SAYS

By United Press Leased Wire
Chicago—The science which drove
yellow fever from swamps, bounties
which drive insanity from fog-
bound brains, Dr. Ray Lyman Wilbur,
president of the Leland Stanford uni-
versity, predicted today, before the
congress on medical education here.

"Insanity will be reduced to a mini-
mum, just as the typhoid was reduced
by knowledge of preventatives," he
said.

Dr. Wilbur stated when a knowledge
of the causes of insanity and power to
recognize it in its early stages be-
comes more common among medical
men insanity can be prevented and
the number of insane be decreased.

Instead of placing mental ailments
in the hands of "untrained judges
and emotional jurors" they should
be placed in the hands of trained phy-
sicians who would know how to deal
scientifically with such patients, he
said.

WANTS HUGE NAVAL BASE BUILT AT SAN FRANCISCO

By United Press Leased Wire
Washington, D. C.—San Francisco is
considered by the general navy board
as the logical place for a great naval
base on the Pacific coast. Rear Ad-
miral Badger told the house naval af-
airs committee today. The cost of
the base as desired by the navy board
would be approximately \$70,000,000,
and the estimates that have been sub-
mitted to the committee call for an
expenditure of \$10,000,000 in 1921. Im-
provements are also needed at the San
Diego and Puget Sound naval bases,
Badger said.

The board's plans also call for en-
largement of the naval yard at Mare
Island and the establishment of tor-
pedo and submarine bases at other
points along the coast.

MOB FAILS IN EFFORT TO STRING UP A NEGRO

By United Press Leased Wire
Shawnee, Okla.—Shawnee was quiet
again today after a night of near riots
and an attempted lynching.

A mob at Chandler came here in-
tending to lynch Chap. Davis, neg-
ro, sentenced to 45 years in the peni-
tentiary for an attack on Miss Willie
Harvey, school teacher. Davis was
taken by county officials to McAlester
before the mob arrived.

Arrest of six negroes alleged to
have inspired a counter attack by ne-
groes to protect Davis, prevented an
outbreak, officials claimed.

ALLIES ACT TO STOP ARMENIAN MASSACRES

By United Press Leased Wire
Paris.—A dispatch from Toulon to-
day said that following the arrival of
a British fleet in the Dardanelles a
French torpedo squadron had been or-
dered to Constantinople.

The sending of additional warships
to Turkish waters follows clashes be-
tween French troops and Turkish re-
bels in the region of Marash, Turkish
Asia Minor. Many Armenians have
been massacred by the Turks recently
in this district.

HERE'S FIELD FOR SUFFRAGE PUSHERS

KAFFIR HOUSEWIVES DO ALL
THE HARD WORK WHILE
THE MEN LAY AROUND
OR GO TO WAR

(By Edward M. Thierry)
(Special to Post-Crescent)
Tammis British Bechuanaland—
Militant suffragists who are out of a
job because there are no more worlds
to conquer at home can find a virgin
field in Africa.

Equal rights for women are un-
known.

Perhanna housewives—all Kaffir
housewives, in fact—have these few
chores: Plow the fields; gather the
harvest; thresh the grain; cook the
food; gather the firewood; carry the
water; clean the hut; and thatch the
roofs of huts and plaster the walls
with mud—though they are spared
the duty of cutting wattle branches
and building the framework.

Building new huts is a frequent
job, for sweeping and cleaning are
primitive and, since the natives have
very meager ideas of sanitation, they
have to move their huts frequently.

Some huts have crude, open cup-
boards worked in mud in the side.
How the natives prevent the thatched
roof from catching fire is a mystery.

The whole family sleeps near the
fire. Grass mats serve as beds and if
the head of the family is rich each
sleeper has a blanket. The huts are
surprisingly cool in the hottest weath-
er.

Women thatch a hut in a single
day after the walls have been built
and plastered.

Women carry water in cans perched
on their heads. Often they walk
great distances for water, the
scarcest thing in Africa. One kraal,
or village, was built on an ancestral
site and the natives stubbornly refuse
to move it though the old water-hole
has dried up and women have to
carry the water nine miles!

Mothers never have to leave their
babies in a nurse's care while they
work. Whether it's carrying water
or firewood, plowing in the fields,
threshing grain or thatching huts the
mother goes about it with the newest
babe bound to her back in a blanket,
head entirely covered and usually only
a tiny hand showing.

The men? Well, they look after
the cattle, when they have cattle to
look after. They build the frame-
work of huts—leaving the "lighter"
work to the women. They build
fences and till the soil of the chief's
meat fields, but rarely their own.

They migrate for a time to work in
diamond mines and gold mines. For-
merly their chief business was war.

When the men were fighting the
women had to do the work. And the
Kaffir sees no point in going against
precedent.

RAILROAD PRESIDENT WANTS TWO-CENT RATE

By United Press Leased Wire
New York.—F. D. Underwood,
president of the Erie railway, in a
formal statement, declared he be-
lieved passenger fares should be re-
duced to two cents a mile, except on
certain lines serving a limited terri-
tory. He said he favored readjust-
ment of freight rates, raising the
tariff on commodities of compara-
tively limited use.

7 DEAD WHEN STEAM SHIP BREAKS IN TWO

OCEAN LINER BOHEMIAN MEETS
WITH DISASTER ON REEF—
PASSENGERS ALL
REMOVED

By United Press Leased Wire
Halifax—Seven persons were
drowned and several others injured
when the Leyland liner Bohemian
broke in two and sank Tuesday.

The Bohemian went ashore off Sam-
bro Point yesterday morning. The
vessel broke up this morning. The
dead include quartermaster Smith.

The Bohemian was a steel vessel of
\$555 tons owned by F. Leyland and
Company and registered in Liverpool.
She was built by A. Stephen and Sons
at Glasgow in 1900.

The Bohemian sailed from Boston
for Liverpool Feb. 28. Running into a
severe snowstorm the vessel struck
the dangerous ledges off Sambro
Point early yesterday. Her 64 pas-
sengers were removed to lifeboats but
the crew of 120 remained aboard ac-
cording to advices here. Presumably
the drowned were members of the
crew.

Captain, Hisece, in charge of the
vessel, reported last night that she
was pounding heavily and breaking
up.

READY TO SELECT JURY IN THE BISBEE TRIAL

Man Accused of Lack of Americanism
Showered That Coyotes Made it
Hard to Buy Liberty
Bonds

By M. D. Tracy
By United Press Leased Wire
Tombstone, Ariz.—From the 24 men
now composing the temporary jury,
the 12 men who will try the Bisbee
deportation case will be chosen with-
out further bickering. When court
convenes Thursday the defense and
prosecution by peremptory challenges
will eliminate twelve.

The last hours of jury picking were
marked by the homely defense made
by salesman Charles F. Mannus,
whose Americanism had been attacked
by the defense because he refused to
buy Liberty bonds.

Mannus asked to be alleged to make
a statement. From his coat pocket
he produced a ragged diary.

"Now, your honor," he began, "here's
the record of my farm. You see, I
sold \$800 worth of chickens and eggs
in a year. When I had paid the chick-
en feed I had \$300.40 left. Out of
that I had to pay taxes and feed my-
self and wife. She belongs to the
War Aid society. I don't think I had
much left to buy bonds."

The diary recorded that coyotes ate
32 of Mannus' chickens.

"They were the fattest ones, too,"
Mannus commented. "Coyotes always
get the fattest ones because they can't
run so fast."

Mannus was excused but without a
ruling on his Americanism.

The Children's Bureau of the De-
partment of Labor states that at
least 32,000 white children are
born out of wedlock each year, and
that probably not more than 7 per
cent survive the first year of life.

BRITISH WORKERS RIOT WHEN WAR WORK STOPS

By United Press Leased Wire
London.—Police and government
authorities today said they did not
attach great importance to yester-
day's rioting near the house of com-
mons in which fifty men, including
police, were injured slightly.

Fighting occurred when police at-
tempted to stop a procession of de-
mobilized soldiers and workers who
were parading toward Downing
Street in a protest demonstration
against being thrown out of their
war jobs. The men dispersed when
they were informed discharges would
be suspended until March 13.

More than 5,000 men took part in
the demonstration, it was estimated.

Several were clubbed by police. Twen-
ty were taken to hospitals.

BOARD OF HEALTH OF STATE TO MAKE INFLUENZA SURVEY

CAREFUL INVESTIGATION OF THE
CAUSES OF INFECTION
WILL BE STARTED IN
NEAR FUTURE

(Special to Post-Crescent)
Madison, Wis.—Realizing that there is but little definite or accurate information concerning the cause and prevention of influenza, the state board of health will shortly undertake intensive studies in different parts of Wisconsin. It has been decided to have each of the deputy state health officers make careful surveys of communities in which influenza has occurred and actually been reported by the physicians and local health officers. The investigation is termed an epidemiological one, which is equivalent to stating that efforts will be made to determine whether there are common factors responsible for the spread of the disease.

The necessary forms for recording the numerous data as well as the instructions are already in the hands of the physicians who are to make the surveys. Among the important subjects which will be inquired into with great care are the various possible means by which the infection was conveyed to the persons who became ill. The locations, character and sanitation of dwelling places will also be studied in detail and a census made of all persons residing permanently or temporarily in each home in order to gain an idea of the extent of the infection with influenza.

Whether or not an attack of influenza confers immunity against future attacks is one of the especially important features which is believed the survey will disclose. In order that comparatively uniform conditions will maintain during the surveys, several of the smaller cities with populations between 2,000 and 10,000 have been selected. While there is a possibility

of some changes being made, it is now believed that the surveys will begin in Ithumelander, Sparta, Edgerton, Platteville and Antigo.

A number of households in these cities will shortly be visited by physicians who will record the required information. If everyone questioned will respond cheerfully and afford the most accurate information possible, the state board regards it as a foregone conclusion that data of great practical value will be procured. It is too much to expect, the board believes, that the intensive influenza surveys will result in a startling discovery by means of which future epidemics of the malady will be avoided. It is the opinion, however, that only by undertaking such studies will genuine progress in combating one of the most destructive communicable diseases be made.

"Anything which will mitigate the suffering and death accompanying influenza will certainly be worth while," declares the board. "It is the desire of the state board of health, therefore, that the people of the cities selected cooperate to the fullest extent in making the surveys."

COURTEOUS SLEUTH GUARDS PRESIDENT

NOTABLES, CRANKS AND LUNATICS ALL MUST SUBMIT TO
SCRUTINY OF WHITE
HOUSE GUARD

By Carolyn Vance Bell
(Special to Post-Crescent)
Washington, D. C.—Detective Sergeant Clarence L. Dalrymple, chief guard at the White House, is courteous with all who would see the president, whether they are madcaps or magicians.

If a wild-eyed gentleman or lady enters the executive offices with a message for the president that MUST be delivered in person, he is invited to have a seat and "to wait just a moment and the secretary will see you." This is the cue for a secret service man who proceeds to find out if an incoherent story accompanies the wild eyes. Usually this is so and the visitor is tendered a trip to the Washington Asylum Hospital, where sanity is scientifically investigated.

The silky suaveness of Dalrymple has been acquired in 25 years' service as a White House policeman. During that time he has greeted thousands of distinguished visitors and known intimately each of the presidents, McKinley, Roosevelt, Taft and Wilson. His manifest courtesy is always remembered and celebrities have often commended him. He has a remarkable faculty for remembering names and faces, a trait that is a real asset in his work.

He has also intercepted thousands of cranks, many of the dangerous types, bent on seeing the president. "Cranks come in waves," he says. "During the war a lot of people with disordered minds tried to get the president's ear in order to tell of a sure way to win the war."

"After the war was won, a lot of crazy ideas on reconstruction tried to see him. The illness of the president has excited a lot of public curiosity and as a result there has been an avalanche of letters and visitors who would have sure cures from thought healers down to those with simple home remedies."

French universities are being flooded with girl students from China.

RAIL ADJUSTMENT NEEDED TO BRING CAPITAL TO ROADS

PROTECTION OF CONGRESS NEED-
ED TO STABILIZE STOCKS
AND DRAW NEEDED
FUNDS TO ROADS

By Francis H. Sisson
(Special to Post-Crescent)
New York—The 650,000 American investors who directly own railway stocks and the millions of thrifty citizens who have their savings in banks and insurance companies invested in railroad stocks and bonds, are not guaranteed against loss by the new railroad bill, but they are assured of a large measure of protection.

A careful reading of the new railroad law makes it plain that it is the purpose of Congress to encourage the investment of new railroad capital by giving a fair deal to the nearly \$20,000,000,000 of capital that has thus far been devoted to the upbuilding of our transportation system.

Hundreds of millions—yes billions—of new funds must be put into railroad building if our industrial growth is not to be stunted by a failure to provide adequate transportation facilities. This new capital can only come from the savings of thrifty investors and these savins can only be attracted by making railroad investments attractive.

There is no Aladdin's lamp that can be rubbed to bring forth the dollars needed to build railroads. Bankers have no magic touch whereby they can bring dollars out of their vaults for the development of the country. Banking institutions are merely a part of the machinery whereby the savings of millions of people are collected for the upbuilding of the country.

If the new law makes it possible to provide this flow of new capital for railroad upbuilding, it will be one of the most constructive measures ever placed upon the statute books.

The railroad industry today is not self-supporting. Because two years on government control has resulted in an increase in expenses far beyond the increase in revenues. The increased cost of operation is very largely the result of the great rise in prices for labor and materials. The first task of the government under the new railroad law will be to readjust railroad rates to provide for this increased cost so that the railroads will be self-supporting. Until they are self-supporting, it will not be possible to attract new investment capital for them.

BOYS' SECRETARIES END MEETING MONDAY

Viewpoint of the Business Man With
Relation of Boys' Secretary Ex-
plained by A. R. Eads

How the business man sees the boys' secretary was explained by A. R. Eads, Appleton, in his address at the Sunday morning meeting of the Wisconsin Boys' Secretaries. The speaker emphasized the value of cooperation between the business man and the secretary.

Line up the boys for the churches, was the plea addressed to the secretaries by H. F. Tormohlen, Appleton. Mr. Tormohlen's subject was Christian enlistments.

The transaction of routine business occupied the closing session Monday afternoon. The next meeting will be held at Madison in November, in connection with the older boys' conference, it was decided.

VALLEY WHITE SHRINE OFFICERS ANNOUNCED

Installation of Valley Chapter Is
Completed Saturday Night—
Oshkosh People in
Charge

Valley Shrine of Appleton, Order of the White Shrine of Jerusalem, was installed Saturday night at Masonic hall following a 6:30 o'clock banquet. A large delegation from Oshkosh and guests from Green Bay and Fond du Lac were present. Jesse

B. Carr of Oshkosh, deputy supreme watchman of shepherds, presided at the installation.

Officers are: Miss Ada Myers, worthy high priestess; Mrs. J. B. Delbridge, Kaukauna, watchman of shepherds; Mrs. Pearl Saecker, Menasha, noble prophetess; Mrs. Annie R. Meyer, worthy scribe; Mrs. Rena Rude, worthy treasurer; Mrs. Charlotte Bullard, Menasha, worthy chaplain; Mrs. Mable Brauer, Kaukauna, worthy shepherdess; Mrs. Jessie Amonson, Menasha, worthy guide; Mrs. Emma Delbridge, Kaukauna, worthy herald; Mrs. A. H. Meyer, first wise man; Mrs. Martin Main, Kaukauna, second wise man; Dr. Frank Donaldson, Kaukauna, third wise man; Mrs. Pearl Thompson, Neenah, first hand maiden; Miss Theo McCallum, Neenah, second hand maiden; Mrs. Rosalind McDonald, Kaukauna, third hand maiden; Mrs. Albert Rule, king; Mrs. Lulu Hackbert, queen; Mrs. Evangeline Farwell, Kaukauna, organist; Mrs. Gertrude Sawyer, Menasha, guard; Mrs. George Wettengel, guard.

BUCHANAN BOY WINS FIRST CORN PRIZE

MALACHI RYAN TAKES FIRST
HONORS ON HIS CORN EX-
HIBIT AT STATE GRAIN
SHOW

Among the prize winners at the Annual Puro Bread Grain show held in Madison February 3 to 7 was Malachi Ryan of the town of Buchanan, who took first prize on his exhibit of 10 ears of Silver King corn. (Wisconsin No. 7) north section entrants. This puts Mr. Ryan on the honor list and he will be unable to compete in this particular class again.

W. J. Jamison and sons of Appleton won fourth prize on the same exhibit. Only about half a dozen people from Outagamie county were enrolled in the contest.

Brown county carried off the greater share of the prizes, due, it is said, to the fact that the county has an enterprising county agent who is stimulating interest along this line. Outagamie county could make as good a showing if such an official were employed here, it is said.

WOOD AND POINDEXTER TO HOLD JOINT DEBATE

By United Press Leased Wire
Chicago.—Leonard Wood and Senator Poindexter have arranged a joint debate to be held March 20, at Pierre, S. D. Wood campaign managers announced here today.

Wood will make a second tour of South Dakota, it was said. He will start March 15 and close the tour just before the primary.

URGE EX-SERVICE MEN TO KEEP UP THEIR INSURANCE

HOME SERVICE SECTION AP-
PEALS TO FORMER SOL-
DIERS TO CONTINUE
THEIR PAYMENTS

With unlimited advantages now obtainable from War Risk Insurance, the Home Service section of the Red Cross is urging every ex-service man to keep up his policy, or to re-instate in case he has allowed it to lapse.

Through recent acts of Congress, it is now possible to reinstate government insurance any time up to July 1, 1920, but policies not renewed within 18 months after discharge cannot be reinstated. The newer regulations also enlarge the class of beneficiaries, so that uncles, aunts, nephews, nieces, brothers-in-law and sisters-in-law may now be designated as the payee of the insurance on the death of the insured. It is also possible to have payment made in a lump sum instead of in monthly payments, as previously stipulated.

Perhaps the best endorsement that is given war risk insurance is the fact that all reliable insurance agents are urging ex-service men to keep up their government policies, and readily admit that it provides better insurance at much lower rates than that afforded by private companies. A government policy for \$5,000 on the term insurance plan can be carried at the same price a \$1,000 20-year endowment policy of other companies would cost. The advice of those who have studied the

Miller's Antiseptic Oil, Known as Snake Oil

Positively Relieves Pain in Few
Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

A new remedy used internally and externally for coughs, colds, croup, influenza, sore throat, diphtheria and tonsillitis. This Oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Get it at Lowell's drug store exclusively.

matter is to urge returned soldiers and sailors to keep up their term insurance and convert their policies at a later date, because it is predicted that rates will be lower within five years. In fact, there is a bill pending in Congress now to reduce rates 25 per cent.

Any policy-holder who has already converted his insurance to the endowment plan may re-convert to some other if he finds that he cannot carry the more expensive insurance now.

Uncle Sam is not offering the safest and best insurance in the world merely as a reward for service, according to those in authority, but after the death of the insured, has the interest and welfare of loved ones at heart as well, and their care after the death of the insured. Permanent policies offer an extension and cash surrender value worthy of consideration, so that saving out money for government insurance when not carried on the term plan is like putting it out at interest on good securities.

The Home Service office in the First National bank building is equipped to assist ex-service men in every way regarding the care of

their insurance, imparting information, assisting in reinstatement, changing beneficiaries, and converting policies. The fact that several ex-service men in Outagamie county died of influenza or pneumonia this winter and had not reinstated their insurance is the most forceful indication of the need for attention to this matter.

A baby's brain grows more in the first year than in all its remaining life.

Don't Expect to be Cured of Fiery Skin Diseases

By Old-Time, Out of Date Methods
of Treatment.

Usually those who continue to suffer from stubborn ailments are those who refuse absolutely to heed the teachings of medical science. New discoveries are being constantly made, and those who fail to take advantage of the wonderful accomplishments of men of science will continue under the handicap of disease.

Your eczema, tetter, boils, pimples, acne, scaly skin eruptions, and burning fiery irritations that cause so much discomfort by their terrifying itching, come from a tiny disease germ in your blood, which multiplies by the millions. These germs find some weak spot where they can break through the skin and set up their attack, and if you have ever had any form of these skin disorders, you know what real torture is.

The reason these disorders appear so stubborn and hard to get rid of, is because they are not given the proper sort of treatment.

In other words, the irritation and itching becomes so intense that the patient thinks only of relieving this discomfort, instead of directing his efforts toward getting rid of the cause of it all. Hence the constant use of lotions, salves, soaps and ointments can make no

impression whatever on your trouble, other than to afford some temporary relief.

But why be content with mere temporary relief? Are you not desirous of being permanently rid of this annoying trouble that is a source of such constant torture? Wouldn't you give almost anything to be once more free from the itching and burning that makes your skin seem like it was on fire?

Then throw aside at once such makeshift treatment that can only reach the surface, and begin taking a remedy that goes direct to the source of your trouble. Go to your drug store, get a bottle of S.S.S. and begin a thorough course of this fine old blood medicine that kills the germs that creep into the blood and cause all of your skin discomfort. S.S.S. is a purely vegetable compound, made from roots and herbs of recognized medicinal value. It so thoroughly cleanses and purifies the blood that the germs of disease are eliminated, and then real relief comes.

This fine old remedy is the sane and sensible treatment for your skin disease, as you will find by giving it a trial. If your case should need special advice, it can be had, without cost to you, by writing to Chief Medical Adviser, I. F. Swift Laboratory, Atlanta, Ga.

**EVEN IF
